NUMBER 24

## EXCHANGE WILL STAY WITH ASSOCIATED

Important Decision Reached At Special General Meeting Of Kelowna Co-Operative Growers

Despite dissatisfaction expressed by many of its members, the Kelowna Growers' Exchange definitely decided, at a special general meeting held in the I.O.O.F. Temple on Monday, "not to sever connections with the Associated Growers of B. C., Ltd. The special meeting had been called as the result of a petition circulated by several members of the K.G.E., requesting thorough discussion of relations existing between the Kelowna Local and the Central body of the Associated. An article which appeared in the Vancouver Daily Province on January 17th, to the effect that the Kelowna Growers' Exchange was seriously considering withdrawal from the Central body of the Associated, was another factor prompting the Directors to call a special meeting.

The following resolution, moved by Colonel W. H. Moode, seconded by Mr. C. E. Atkin, and unanimously adopted, tells in part the story of a discussion which lasted nearly all day Monday.

"Whereas, reports have appeared in newspapers published recently which convey the impression that the Kelowna Growers' Exchange is contemplating severing its connections with the Associated Growers of B. C., Ltd.; and whereas, these reports and rumours that have been in circulation to the same effect have caused much unrest among co-operative growers in many fruit growing districts;

"Be it resolved, that this special general meeting of the Kelowna Growers' Exchange emphatically endorse the existing connections between the Local and Central bodies;

"Also, that we believe that only through a strong co-operative body handling a large proportion of the total fruit crops can the grower protect his own interests in the markets and have his crops handled at a minimum of expense.

Another resolution, moved by Mr. C. Hume, seconded by Mr. J. N. Cushing, and subsequently adopted after being preceded by lengthy discussion, tells another part of the story. It is, in effect, as follows:

"Resolved, that the Board of Directors of the Kelowna Growers' Exchange confer with the Executive of the Central body of the Associated Growers of B. C., Ltd., at the earliest opportunity to discuss thoroughly the question of separate pooling for the Kelowna Growers' Exchange, and report their findings to members of the K.G.E."

The meeting was called to order shortly after 10 o'clock by Mr. A. C. Loosmore, who acted as chairman. Mr. W. V. Witt, who fulfilled the office of secretary, read the notice of meeting.

Mr. Loosmore said, in addressing the gathering, that an explanation was due because of the fact that Central was represented at the meeting by Mr. E. J. Chambers, President of the Associated Growers. It was the custom of the K.G.E. to hold an interim meeting at this time of year, but he had realized that there was no necessity for such a step this year, as it was obvious there was little of local nature to discuss. They had decided, however, that a meeting would be held at which the opportunity would be provided to discuss various matters with Mr. Chambers.

During the interval preceding the meeting, he had heard that the growers were expressing dissatisfaction with various matters pertaining to co-operative measures and that a petition was in circulation demanding a special general meeting of members of the K.G.E. The petition had been handed to the Directors but it did not contain a sufficient number of signatures to compel the Directors to call a meeting. The stated purpose of the meeting was to discuss relations between the Kelowna Local and the Central body of the Associated, and it was requested that no representative from Central be invited to listen in or participate in the discussion, the reason being, he supposed, that members would not feel free to discuss some phases of their grievance in the presence of a representative of the body to be weighed. He had agreed with that view, as had his associate, Director F. A. Taylor, but their views had been altered when they had read Friday's edition of the Vancouver Province, in which it was stated that a meeting was to be held on Monday to decide whether or not the K. G. E. would break away from the Associated.

In tracing the origin of the Province story, the reporter at Penticton said that he had obtained his information from a Kelowna man, Mr. J. E. Reekie. They had immediately wired emphatic denial to the Vancouver newspaper saying that the action referred to in the Province "was not remotely contemplated, and we ask that this be given the same prominence as the erroneous account published on Friday." In view of all that had developed, Mr. Chambers had been invited to the meeting. Discussion should be free and frank, as Mr. Chambers would prefer criticism to be voiced at the meeting rather than on the street.

Mr. J. N. Cushing stated that, although he knew nothing about the Province story, he would accept some of the responsibility for the petition which had been circulated. He had "started (Continued on Page 4)

## KELOWNA RINKS WIN PRIZES AT BONSPIEL

Play At Salmon Arm Carried On Under Ideal Conditions

The annual Interior bonspiel—the big curling event of the season—held at Salmon Arm last week, was an outstanding success, Kelowna, Kamloops, Merritt, Revelstoke, Vernon and Field, in addition to Salmon Arm, being represented by rinks, making about one hundred players in all. With the exception of Tuesday, when the ice was sluggish, conditions were ideal for play from the time the events began on Monday till the final on Friday.

Kelowna was represented by two rinks, made up as follows: J. B. Spurr, Frank Morris, H. F. Chapin, W. Harvey (skip); Dr. Underhill, G. A. McKay, J. Conway, W. R. Trench (skip). This aggregation captured several prizes in the various events which were played.

In the All-Comers competition, which was closely contested throughout, W. R. Trench outclassed his opponents to capture first prize and the event. Mr. Trench also won second prize in the Fintny Cup competition, being defeated in the final by Dr. Coghlan, of Merritt.

Harvey's rink won second prize in the Grand Challenge Cup competition, giving first place to Suckling's Salmon Arm rink. Harvey's rink also reached the semi-finals in the Okanagan Cup competition, losing to Donald's rink, Revelstoke. They were awarded third prize in this event.

On Wednesday night the players attended a splendid banquet at the Montebello Hotel, where the Salmon Arm club entertained the visitors. The hotel rotunda was turned into a concert hall and community songs and choruses were sung to piano accompaniment. The Kelowna visitors were again privileged to enjoy the hospitality of their old friend and host, the genial Jim Bowes, who prepared a "spread" which won high compliment from all.

## PRODUCE MARKETING ACT RECEIVES ENDORSATION

Warmest Debates At B.C.F.G.A. Convention Centered Round Control Legislation

We regret that we have not an extended report of the B.C. Fruit Growers' Association convention, held at Penticton last week, to present to our readers. With the pressure of work incident upon publication of the annual report of the Committee of Direction, together with a contested municipal election, it was quite impossible to spare a member of the staff to attend the convention during the busiest days of the week from a newspaper point of view. The event has been covered fairly well, however, by the Vancouver dailies, even if some of the reports seem to have become somewhat distorted in publication.

The outstanding result of the convention is that the Produce Marketing Act has been endorsed and the fruit industry will carry on under it for another year. The question of a central selling agency has been shelved for the present, after very strenuous debate, and in lieu the Provincial Government has been requested to appoint a royal commission to investigate all problems in connection with the marketing of fruit and vegetables produced in British Columbia.

Details as to minor matters are not available at present, but it is understood that the Kelowna resolutions in regard to costs and colour charts for grading for colour requirements, over-grading, freight rates, amendment of requirements for Fancy grade, and enquiry into methods of packing, found favour with the convention and were adopted, subject to slight redrafting. The original text of these resolutions was published in our issue of January 10th.

## The New Executive

The Executive of the Association for 1929 is as follows: President, Thomas Abriel, Nakusp; Vice-President, R. H. MacDonald, Vernon; Secretary-Treasurer, L. D. Mallory, Vancouver; Fred Cox, Salmon Arm; H. C. Oldfield, Royal Oak; Col. W. McGee Armstrong, Coldstream; Col. Armstrong takes the place vacated by Mr. J. E. Reekie, of Kelowna, who was a member of the Executive for fourteen years.

## FROZEN BODY OF YOUTH DISCOVERED

WEST VANCOUVER, Jan. 24.—Andrew Crawford, 21, of West Vancouver, who went alone up Hollyburn Ridge on Sunday morning at 10 o'clock, perished as a result of complete exhaustion after making desperate efforts to reach the trail near Cypress Canyon, and safety. Mountaineers who risked life and limb to recover the body state that the youth's tracks indicate that he lost his sense of direction and for a time wandered blindly at the bottom of the 150-foot canyon. He had been going up-stream instead of down-stream when the end came. His body was found lying face down frozen on the bed of the left fork of the creek. Death had come quickly and peacefully as there were no indications that he had ever moved again after he had stretched his tired body on the snow.

## VESTRY MEETING EVOKES LARGE ATTENDANCE

Progress In Many Directions Reported By Various Branches Of Church Activity

One hundred and fifty-one persons sat down to the supper which preceded the annual general vestry meeting of St. Michael and All Angels' Church, held in the auditorium of the I.O.O.F. Temple on Tuesday evening, and they did ample justice to the plentiful supply of good things with which the tables, prettily decorated in a colour scheme of white and yellow, were loaded. Grace was said by Archdeacon Greene.

Before the business part of the proceedings began, the Rector, Rev. C. E. Davis, proposed the toast of "The King," which was honoured by singing the National Anthem.

On the proposal of Mr. Grote-Stirling, M.P., a hearty vote of thanks was accorded to the ladies who had prepared and served the supper.

After the minutes of the last preceding annual meeting had been read by Mr. H. Waldron and had been formally approved, the Rector submitted his annual report, in which reference was made to the purchase of a new furnace to clean up the church and the members of the church who had passed away during the year, in respect to whose memory the gathering stood for a time with bowed heads.

The Treasurer's report was presented by Mr. H. Preston, and in proposing its adoption, Mr. Grote-Stirling referred with pleasure to the increase of attendance at the supper and to the splendid success of the Bazaar, which, through the loyalty of many helpers and the liberality of patrons, had enabled the purchase of a new furnace to be achieved. He hoped that the coming year would see the mortgage wiped off, and the next effort should be to provide a rectory. The most important work of the Church Committee, of which he had the privilege to be the mouthpiece, was that of finance. He was glad to say that the 1928 Committee had no hang-over to hand to the new Committee, as everything had been cleaned up. In electing the 1929 Committee, he urged that choice be made of members who would work, who could canvass—men who were able and capable to carry on the financing of the church, and he bespoke for the new committee the co-operation and help of all.

Dealing with the Treasurer's report, Archdeacon Greene congratulated the Committee and Treasurer upon the good work done in 1928. He considered a rectory was a real necessity, and the matter of cleaning up the church and providing some more news should also be taken up.

In presenting his report as People's Warden, Mr. H. J. Waldron urged better attendance at church services, blaming golf and radio as being largely responsible for keeping people away. He also made a strong plea for a new organ, and concluded his remarks, which aroused the risibilities of his audience with many humorous sallies, with the advice that new blood should be added to the committees each year so as to increase the membership.

## Officers

Mr. O. St. P. Aitkens was re-appointed Rector's Warden, and Mr. H. J. Waldron was re-elected People's Warden by acclamation. The same honour was accorded to Mr. H. Preston, Treasurer.

Sixteen nominations were made for the Church Committee. On a poll being taken, the following were declared elected: Messrs. Grote-Stirling, W. A. Fisher, W. Bredin, W. Shugg, W. Whiteway.

Major Lindsay Reed, Mr. O. St. P. Aitkens and Mr. W. D. Walker were chosen as lay delegates to the Synod, with Dr. B. F. Boyce, Mr. H. J. Waldron and Mr. F. A. Taylor as substitutes.

During the counting of the ballots for the Church Committee, a number of reports of church departments were presented, generally touched in optimistic vein and showing marked progress in the activities concerned. The Rector reported on outlying districts, including Okanagan Mission, Rutland and East Kelowna, all of which had done very good work, he stated, and had already held their annual meetings. Other reports presented were: Altar Guild, by Mrs. J. H. Hewitson; Guild of Health, by Mrs. J. F. Flinders; W. A. by Mrs. Grote-Stirling; Parish Guild, by Mrs. O. France; Sunday School, by Mrs. T. Treadgold; Junior Kindergarten, by Mrs. E. Fowler.

Miss Cowen, of England, gave a talk on Sunday School work and made an appeal for two more teachers here.

Mr. P. T. Dunn, reported upon the Anglican Cemetery, and was accorded a vote of thanks for his work upon the proposal of Mr. O. St. P. Aitkens, who spoke in appreciative terms.

In responding to the compliment, Mr. Dunn proposed that a resolution of appreciation of his many services to the church while in Kelowna be sent to Mr. N. M. Foulkes, now in England, and the suggestion was cordially adopted.

Mr. Grote-Stirling proposed a hearty vote of thanks to the Choir, from the Rector down. He praised their singing, as excellent, a degree of skill attained by much time and work cheerfully given.

Returning thanks, Rev. C. E. Davis said the Choir had only done their duty.

## SCANDINAVIAN MARKET FOR B. C. APPLES

Danish Importer Asserts That Ready Sale Awaits Shipments Direct From Canada

To urge that more advantage be taken of the Danish market, is the purpose of a visit to the Okanagan Valley by Mr. E. Biering, representative of Kobenhavns Frugtaktioner (The Copenhagen Fruit Auction Co.), Copenhagen, Denmark. Mr. Biering is in Kelowna this week interviewing shippers and collecting data pertaining to the fruit industry. In an interview with a Courier representative, he stated that there is an excellent outlet for Canadian apples in the Scandinavian countries, the demand for apples there having increased enormously during the last few years.

"The direct shipments of Canadian apples to Copenhagen have so far been comparatively small," said Mr. Biering. "At present Denmark is getting the majority of the Canadian apples through the British markets and as a result of the extra expense incurred and middlemen's profits, the consumer is paying more and the grower is getting less for his shipments. By shipping direct the grower would get higher prices, besides relieving the old markets."

During the months of September, October and November, of last year, Denmark imported direct from the United States approximately 120,000 boxes and 60,000 barrels of apples, all of which found a ready sale, which shows the absorbing power of the Danish market.

"We supply to a great extent the neighbouring countries, Sweden, Norway and Finland," Mr. Biering stated, "the importers from these countries attending our auctions. There is a great demand in Denmark for such varieties as 'Newtowns,' 'Jonathans' and 'Winesaps.' The McIntosh is not very well known there, but I am convinced that by gradually introducing this variety on the Danish market, demand will be created for it."

Previous to his arrival in British Columbia, Mr. Biering visited Nova Scotia and Ontario, where, he said, the idea of direct shipments to Denmark had been favourably received by shippers. His firm, The Copenhagen Fruit Auction Co., is the oldest and largest of the kind in the northern countries of Europe.

"Shippers in the Okanagan have shown considerable interest in direct shipments," Mr. Biering said, "and there is great possibility in future of opening up a new market for valley fruit."

## LOCAL MEMBER IS INSTALLED AS SPEAKER

Mr. J. W. Jones Assumes Duties Of Presiding Officer Of Legislative Assembly

Following traditions of hoary antiquity in British parliamentary practice, His Honour the Lieutenant-Governor, upon arriving on Tuesday afternoon to open the first session of the seventeenth Legislature of British Columbia, declined to state his reasons for calling the legislators together until they had chosen one of their number as Speaker, and he then retired temporarily from the Assembly Chamber.

In accordance with the announcement made when the Cabinet was framed, Mr. J. W. Jones, member for South Okanagan, was duly nominated and elected to the high office. After donning the three-cornered black hat and silk robes which other traditions prescribe as the garb of the Speaker, Hon. Mr. Jones was presented to His Honour, who accompanied him to the Chamber, where the new presiding officer made official notification of the fact that, despite his unworthiness, his colleagues of the Legislature had seen fit to elect him to be their Speaker. All impediment having thus been removed, the Lieutenant-Governor officially opened the session by reading the Speech from the Throne.

## ABOLITION OF MINISTERIAL BY-ELECTIONS

VICTORIA, Jan. 24.—The abolition of ministerial by-elections is proposed by a bill presented to the Legislature on Wednesday by Hon. R. H. Pooley, K.C. The Constitution Act is to be amended so that members taking salaries, either as Cabinet Ministers, Speaker or Deputy Speaker, are not thereby disqualified from continuing to sit in the Legislature until they have been confirmed by the electors at a by-election.

and they hoped to keep up the name they had made. A large share of the credit was due to the organizer, Mrs. A. J. Pritchard.

The proceedings concluded with the benediction, pronounced by the Rector.

## ACTIVITIES OF WOMEN'S MISSIONARY SOCIETY

Annual Report Of First United Church Organization

At a meeting of the Women's Missionary Society of the First United Church, held at the home of Mrs. W. E. Adams, Abbott Street, on Wednesday, January 16th, the following annual report for the year ending December 31st, 1928, was submitted and approved:

"During the year ten meetings were held, with an average attendance of twenty-one members. The Strangers' Secretary was kept quite busy calling on the sick, those confined to their homes, and newcomers.

"The Sewing Committee was very active. In addition to the usual allocation, several quilts were made and sold.

"The programmes of our meetings were of a varied nature, comprising the reading of papers on various subjects, and talks on missionary work and fields of endeavour. Mrs. J. J. Staples gave a very interesting account of her visit to Japan, and Mrs. F. M. Black gave a talk on the work of her son, a medical missionary in Korea. She read extracts from personal letters which gave new light on the work being done there, and told of the peculiarities and "likeableness" of the people among whom her son works.

"A delegate was sent to the Annual Okanagan Presbytery at Kamloops.

"In May, Mrs. McMillan, of Rutland, submitted a report on the Conference Branch Meeting.

"In July, we were addressed by three visiting speakers: Miss Asson, Branch Delegate to the Toronto Board Meeting; Miss Heather, a teacher in the Mission School at Radway Centre; and Mrs. Hamilton, Secretary of the Oriental Department of the Dominion Board.

"The Society provides a member to tell a missionary story to the Sunday School class once a month.

"Thus we close 1928 and go forward to the new year."

## UNITED CHURCH YOUNG PEOPLE ELECT OFFICERS

Encouraging Reports Presented At Annual Banquet

The Young People's Department of the United Church held their annual banquet and election of officers in the small Morrison Hall on Friday evening last. Supper was served at 6.30 o'clock, and was greatly enjoyed by about fifty young people and guests, after which toasts to "The King" and "Our Guests" were proposed.

The Secretary's report showed an average membership of thirty-five during the past year, and that, on the whole, 1928 had been a successful year in the Young People's Department.

The Treasurer's report indicated that the total receipts for the year had been \$430.80, with expenditures amounting to \$384.90, leaving a balance on hand of \$45.90. Expenditures included a contribution of \$335.00 to the Church Building Fund, this being one-third of the promised amount.

Election of officers for 1929 resulted as follows: President, Miss Ruth Wilson; Vice-President, Vernon Clippingdale; Secretary, Miss Mabel Pettigrew; Treasurer, Jas. McClelland. Miss Florence M. MacKinnon was unanimous choice for Superintendent. The heads of the various departments will be chosen at the first week-night meeting, which will be held at the home of Miss Evelyn McDonald, Pendozi Street, on Friday, February 1st.

Games and contests featured the evening's entertaining programme. Miss Mildred Lloyd-Jones presided at the piano, and the committee in charge of the entertainment was composed of Miss F. M. MacKinnon, Mr. R. McClelland and Mr. V. Clippingdale.

In view of the keen interest they have shown in the Young People's Department, the following were elected as Honorary Presidents: Rev. A. K. McMin, Mrs. McMin, Mrs. F. M. Black, Mr. C. F. Brown, Mr. J. Ball and Dr. Tehyi Hsieh.

## POOLEY'S SCHEME TO CHANGE GAME BOARD

VICTORIA, Jan. 24.—Attorney-General Pooley's scheme for re-organizing the game administration of the Province was laid before the Legislature on Wednesday. After repealing the legislative authority for most of the present basis of organization, he provides for the establishment of one commission for the entire Province. Sub-districts are to be set up with a district inspector in charge of each. The inspectors are to engage their own game wardens and all salaries are to be fixed by Order-in-Council.

## HORNETS MAKE BRAVE SPURT TO WIN GAME

Kelowna Seniors Rally Splendidly In Second Period And Come From Behind To Beat Meralomas

Coming from behind, after being outplayed for a greater portion of the first half, and showing a complete reversal of form in the second period, Kelowna Hornets took the fast stepping Vancouver Meralomas into camp on Saturday night for the first victory of the Hornets over a visiting Coast aggregation this season, 20-17.

The visitors took the upper hand from the opening whistle and repeatedly beat their checks, to score half their points on rebounds, and mainly through Clark and Rollins run up a 12-3 lead before ten minutes had elapsed. The locals could not get going, and their defence against the aggressive play of the visitors was incapable of stopping them from getting within shooting distance. The Hornets then had a period of ill luck and poor shooting, but were able to hold the Meralomas from adding further to their score and towards the end of the first half were showing up better, as Gayton took a pass from Meikle, who had dribbled through the entire Vancouver team, and Meikle scored again, on an individual effort, dribbling the entire length of the floor, to reduce the Meralomas' lead to 12-7 at the interval. Meikle's work both on the attack and defence was the outstanding feature of the period, while Lythgoe, who has a record of holding Wally Mayers to a single basket in a league game this year, was in every play of the visitors, and ran unchecked most of the time, being best of the Vancouver team.

Lythgoe retired in favour of Kay as the teams took the floor again, and his presence was missed. Gayton intercepted a pass between the guards, and scored a gift, and this started a Kelowna rally which literally swept Meralomas off their feet, as the Hornets scored five baskets in succession without reply. Jack Parkinson took Meikle's pass and dropped in one of his famous side shots; Meikle streaked up the floor and took Gayton's pass; Lewis finished a fast combination play under the hoop, and from the resulting toss up Parkinson tipped to Lewis, who gave Gayton a perfect pass. This gave the Hornets a 17-12 lead, and as each team minutes of the final half gone. The locals fought desperately to keep the Vancouver boys from the net, and for five minutes there was no further score by either team. Lewis gave Kelowna the largest lead of the contest when he went up the centre to accept a pass from Gayton. With four minutes to go, Lythgoe returned to the floor, and the Meralomas staged a rally, which threatened to tie the count. Their effort at the net were just as unlucky as those of Kelowna in the first half, however, although Clark went in for a rebound and, fighting desperately to even the count, Lythgoe broke away to score somewhat easily. During the final two minutes neither team could add to the count, as the Hornets back checked and kept the visitors from getting within dangerous shooting range, to leave Kelowna winners 20-17.

Ralph Thomas, of Penticton, gave a very efficient exhibition of refereeing. MERALOMAS: Cameron; Rollins; Clark; 9; Lythgoe; 2; Kay; Hall; 2. Total, 17.

HORNETS: Lewis; 4; Felker; Gayton; 8; McLeod; J. Parkinson; 3; Meikle; 5; R. Parkinson. Total, 20.

Personal fouls: Lewis, 1; Gayton, 1; Meikle, 3; Clark, 1; Cameron, 1; Lythgoe, 1; Hall, 1.

Kelowna: 9 field goals, 2 out of 5 free throws. Meralomas: 8 field goals, 1 out of 5 free throws.

Cold weather kept the crowd down, and the turnout was disappointing, especially as the game was well contested, and the hall was comparatively well heated.

## Meralomas Win At Penticton

On Friday night Meralomas played at Penticton, where the visitors were victorious, 45-24, Penticton falling away after holding Vancouver to a 14-10 score at half time.

## Kelowna Juniors Take Preliminary From Vernon

If Vernon Junior boys had five players of the same calibre as the diminutive Dean, who scored all the points for his team, they would not have lost the preliminary contest to Kelowna 18-6, but the other members of the Vernon squad were not equal to the task of combating the better shooting of the locals. Referee Bill Lucas had his eye open for the Vernon forwards, and the Kelowna boys took full advantage of their manner. The locals held a 9-2 lead at the half way mark, and in the third period ran in another eight points, Dean scoring twice for Vernon in the final quarter, when the visitors showed to best advantage. Hill, Burr, and Day were outstanding for Kelowna, who put up a strong defence, while Burnham could not miss the hoop in the second half.

VERNON: Prior; Dean, 6; Cochran; Harris; Lewis; McGill; Harwood. Total, 6.

KELOWNA: Hill, 1; Burnham, 10; Burr, 4; Day, 3; Dore; Treadgold; Lawson. Total, 18.

## CAUSING THE WASTE PLACES TO BLOOM

Illustrated Lecture By Dr. Frank E. Bennett On "City Beautification And Floriculture"

Typifying the keen interest taken in floriculture in Kelowna, nearly fifty ladies and men braved a chilly winter evening to hear Dr. Frank E. Bennett, of St. Thomas, Ont., lecture in the Board of Trade Hall, on Tuesday, on the subject of "City Beautification and Floriculture," under the auspices of the Kelowna and District Horticultural Society.

Mr. R. L. Dalglis, acting President of the Society, introduced Dr. Bennett as President for many years of the St. Thomas Horticultural Society, which had accomplished wonders in turning a railway town, not particularly beautiful, into a Garden of Eden.

The lecture consisted principally of the exhibition of a large number of beautifully coloured stereoscopic views, taking the audience, as Dr. Bennett said, on "a Cook's tour" round St. Thomas, the City of Flowers, with a running commentary by the lecturer. As the room was in darkness until the showing of pictures was completed, it was impossible to take any notes of what was said.

The views showed marvellous transformation of bare and ugly railway tracks and yards, waste areas and neglected streets into scenes of beauty by judicious use of lawns, flower beds, flowering shrubs and shade trees. Schools were shown draped with ivy and vines and framed in beautiful gardens, and even squat and homely factories had their croppers and flowers. Some of the most attractive of the flowering shrubs and trees were shown in detail, and individual specimens of outstanding varieties of gladioli, delphiniums, irises, roses, columbine and other flowers were pictured on the screen and named. The test plots of the Society showed great masses of wonderful colouring.

In his running remarks and in answer to a number of questions asked after the lights were turned on again, Dr. Bennett stated that the St. Thomas Horticultural Society was the largest amateur organization in America, regardless of size of city, although the population of St. Thomas was only about 18,000. He acted as President of the Society for eighteen years until about a year and a half ago. Its membership at the outset was one hundred, but it had run as high as 2,650 in recent years, including members in all parts of the world. It had no fixed membership fee, contributions running \$1 a year up, and many members paying from \$5 to \$25. A grant of \$1,000 a year was received from the City and \$500 from the Provincial Government, while the revenue was also supplemented largely by the sale of surplus plants and roots. The annual income had run as high as \$22,500, and the money was spent on beautiful places in the city.

The Civic Board of Works assisted the Society with the use of teams and teamsters for work on streets and boulevards. Owing to climatic conditions, grass did not require watering to any extent. The cutting on boulevard areas was done by the Society, which supplied the necessary tools and was reimbursed by the City for the actual labour cost but not for supervision. This work had nothing to do with the city parks, but was confined to the boulevard areas created by the Society. The Society grew its own bulbs for its test plots, raised all its own perennials, and found it a paying business from sale of the surplus. The City maintained greenhouses for supply of flowers and plants to the parks, schools, hospitals and anything of a municipal nature.

Dr. Bennett considered that all the trees and shrubs found to be hardy in St. Thomas would thrive in Kelowna, as the winter conditions were much the same as here. It had been as low as 28 below zero in St. Thomas, but that was very unusual. The maximum temperature in summer ran from 85 to 90 in the shade. There was considerable rainfall, and drought was rarely experienced. The summer nights were not as cool as they were here.

As to shows, the Society held them but did not make a feature of them, devoting its energies rather to test plots. Personally, he was not very keen on competitive shows, as they created jealousy. The man who truly loved flowers did not want prizes but showed merely for love of it. With professionals, of course, it was different, as it was a matter of business and their livelihood. The Society, when it exhibited at the Canadian National Exhibition at Toronto, did not enter into competition but made a large educational display.

Besides improving the waste places in the city, the Society gave away many flowers, placing baskets of them in the churches and bestowing them upon visiting delegations from other cities. It published a large year-book, financed entirely by advertising, the revenue from which more than covered the cost of publication.

In moving a hearty vote of thanks to Dr. Bennett at the close of the lecture, Mr. E. W. Barton expressed cordial appreciation of its interesting and instructive nature. The vote was seconded by Mr. H. B. D. Lysons and was passed amid loud applause. Mr. Dalglis adding the thanks of the Horticultural Society as a body.

## BOY SCOUT COLUMN

1st Kelowna Troop

Troop First! Self Last!  
Edited by "Pioneer"

22nd January, 1929.  
Orders for week ending 31st of January, 1929:

Duties: Orderly Patrol for week, Owls; next for duty, Lynx.  
Rallies: The Troop will rally at the Scout Hall on Monday, the 28th inst., and the regular basketball practices will be held on the Friday previous, commencing at 4 p.m.

There were no less than 18 absentees from the rally on Monday last, of whom a few, but by no means all, were reported to be sick. The Beavers had a full attendance and, if they had only worn their uniforms and had all attended church on the Sunday previous, they would have obtained 100 points. As it was they obtained 61 and were followed by the Cougars with 58; Owls, 48; Eagles, 46; Wolves, 41; Otters, 38; Lynx, 37, and Foxes, 22. The Seconds of the Owls, Eagles and Otters each cost their respective Patrols 5 points for absence without leave or report from or to their Patrol Leaders. The Foxes lost 5 points for being the last to fall in but won the same back in the game of Dodge Ball. The Cougars won 5 for winning the Chain Tag, and the Foxes, Owls and Wolves won 60, 50 and 40 respectively for being the third, fourth and fifth Patrols to bring in their 1929 Dominion registration fees. It just remains for the Beavers, Otters and Eagles to bring in theirs when they will all be in. Can this be done before the end of January?

The standing now is: Cougars, 295; Lynx, 217; Wolves, 181; Owls, 177; Beavers, 166; Foxes, 157; Eagles, 144, and Otters, 100.

A.S.M. Warrants have now arrived for A.S.Ms. Campbell and Little and will be presented to them at the next rally of the Troop in uniform, that is, on Monday, the 4th of February. All recruits will be expected to have completed their Tenderfoot tests by this date and will be inducted.

Canada will be represented at the great 1929 International Jamboree, to be held near Birkenhead, England, July 30 to August 14, by at least two Scout Troops of 32 boys each and leaders. There is no limit upon the maximum size of the representation, but each Province will finance the minimum representation allotted to it, which in British Columbia's case is four. The other Provinces have been allotted as follows: Alberta, 6; Saskatchewan, 8; Manitoba, 6; Ontario, 22; Quebec, 10; New Brunswick, 2; Nova Scotia, 4, and Prince Edward Island, 2. In addition to this minimum number there may be added any number of Scouts whose parents or others may be able to finance their trip, providing that such boys fully meet the specifications laid down. All expenses will be lumped and the cost of the trip will be the same to each Scout, no matter whether he comes from Nova Scotia or British Columbia. It is estimated that the expense per each boy or leader will be about \$275.00, this covering all necessary expenses from home to the Jamboree and return, with the exception only of meals aboard train in Canada. The sum covers the uniform to be worn including hat and shoes, and \$10.00 pocket money.

The selected Scouts and Leaders will assemble on or about the 13th of July, at or near Montreal, and will receive one week's intensive training, sailing for Liverpool about the 20th of July. The following are the specifications laid down for the selection of the Scouts to make up the Canadian delegation, and Scouts of Troops in our District have just as much chance to be selected as of any other District. In fact, it might even be possible for centres like Vernon and Kelowna to finance the trip for a Scout of theirs if not included in the minimum four.

(a) Any Scout 14 years of age or over on the 1st day of January, 1929, who is a Second Class Scout and has qualified for the Cub Scout's Badge, and is considered by his Scoutmaster to have all-round Scouting ability, may be considered eligible to attend the Jamboree. Where it becomes necessary for the Scoutmaster and his Commissioner to decide as to which boys may go, preference would be given to King's Scouts, First Class Scouts, and Scouts holding the Camper's Badge, and otherwise as to suitability as revealed by their records and general health.

(b) No Scout may form part of the Canadian delegation unless he has had at least two years' continuous service as a Scout previous to January 1st, 1929.

(c) No Scout or Leader will be accepted as forming part of the Canadian delegation unless approved by the Provincial Jamboree Committee.

(d) Scouts must have a satisfactory recommendation from their school authorities or, in the case of employed boys, from their employers.

(e) Each Scout must be nominated by his Scoutmaster and have a good record for diligence and efficiency.

(f) Both Scouts and Leaders will be asked to carry Dominion registration cards.

(g) Scouts will be expected to be in good physical condition and be certified by a doctor as being in good health.

(h) Selection of boys to be by Provincial Jamboree Committee. The method to be left in their hands.

ity and uniformity of the herd, and to distribute breeding stock of merit to the dairymen and farmers of the district. The cows and heifers are milked ten months and are bred to freshen inside the year. The average production of the herd last year for the ten months lactation period was 8,319 pounds of milk, 351 pounds fat, and an average test of 4.21 per cent. of cows and heifers qualify on the R.O.P. honour roll. During the year five bulls from R.O.P. dams have been placed throughout the district, three being placed with farmers having a pure bred Ayshire bull for the first time.

R. G. NEWTON,  
Superintendent,  
Dominion Experimental Station,  
Invermere, B.C.

"TEX" RICKARD

Championship fight promoter and all-round sportsman, who died in hospital at Miami Beach, Florida, on Sunday, January 6th, as the result of an attack of appendicitis. He was 59 years of age.

## HOSPITAL BRIDGE DAY PRODUCES HANDSOME SUM

Innovation Introduced By Hospital Ladies Aid Proves Popular

The Kelowna Hospital Ladies Aid wish to thank those in town and the surrounding districts who so kindly helped to make the first Hospital Bridge Day a success. They appreciate very much the assistance rendered by all who acted as hostess or guest, or contributed in any way to this fund for the Hospital. The following is the list of amounts received to date, totalling \$194.35.

Mrs. E. C. Weddell, \$4.50; Miss Metcalfe, \$2.00; Mrs. N. D. McTavish, \$2.00; Mrs. W. H. H. McDougall, \$2; Mrs. G. S. McKenzie, \$4.00; Mrs. P. B. Willis, \$10.00; Mrs. B. T. Haverfield, Okanagan Mission, \$13.00; Mrs. Rattenbury and Mrs. Foyah, \$6.00; Mrs. Gaddes, \$4.00; Mrs. Capozzi, \$2.00; Mrs. W. R. Trench, \$2.00; Mrs. Boydell, \$4.50; Mrs. H. V. Craig, \$4.50; Mrs. A. E. Keller, \$2.00; Miss Mona Winter, \$4.00; Mrs. McEwan, \$4.00; Mrs. C. E. Campbell, \$4.00; Mrs. F. A. Taylor, \$2.00; Mrs. W. E. Adams, \$2.00; Mrs. R. Corner and Mrs. Snowsell, Glenmore, \$6.75; Mrs. E. M. Caruthers, \$2.50; Mrs. C. E. Davis, \$4.50; Mrs. Grote Stirling and Mrs. Hewson, \$6.50; Mrs. George Boyle, \$10.00; Mrs. W. Madlin, \$2.00; Mrs. J. F. Burns, \$2.00; Mrs. Shepherd, \$2.00; Mrs. Collett, \$2.00; Mrs. Hughes-Games, \$2.00; Mrs. T. Anderson, Rutland, \$9.05; Mrs. E. O. MacGinnis, \$4.00; Mrs. C. Henderson and Mrs. Percy Rankin, Glenmore, \$5.55; Mrs. R. W. Andrews and Mrs. A. H. Loudoun, Glenmore, \$5.00; Mrs. McMin, \$2.00; Miss E. Haug, Bridge Club, \$4.50; Mrs. Lindsay Reed, \$5.50; Mrs. B. Hoy, \$4.00; Mrs. F. M. Black, \$5.00; East Kelowna, \$25.00; Mrs. K. MacLaren, \$2.00; Mrs. G. D. Campbell, \$2.00; Mrs. W. J. Coe, \$2.00.

## SEA CADETS

"Keep Watch"

Dr. Campbell being unable to take First Aid class at last parade, instruction was given instead at the house of the Commanding Officer. A quick resume of Boxing the Compass was given, followed by an introduction to the more modern "Ninety degree" and "Three-sixty degree" compass-card markings, also a brief outline of the compass-bowl and binnacle.

### Orders

Pass the word: On Tuesday, 29th, Corps will parade at usual time (three bells, 7.30 p.m.) opposite Dr. Knox's residence. Instruction will be First Aid lecture, unless otherwise arranged.

### Efficiency

All, except recently joined Cadets, should be by now thoroughly conversant with "Boxing the Compass" as well as all knots given in Sea Cadet Manual. Without further warning, stringent tests will be given in these subjects at an early date, and any Cadet failing to show a satisfactory standard, will at once be disgraced to Probationer, and forbidden to wear uniform until such time as shall be determined, probably with the loss of Good Conduct marks. If the standard of efficiency of the Corps is to be maintained, Cadets must make use of their manuals in their own time, by continually revising instruction already given. Any Cadet who does not possess a manual should immediately inform the Commanding Officer.

The Cadets' passing their tests with the highest standard will be given the privilege of "coaching" a probationer, and on the latter passing his initial tests, the Cadet "coaching" him will be granted Good Conduct marks.

### Library

Mr. A. Ballard has very kindly presented "Grenville" with a number of naval books to form the nucleus of a library, and the Corps tender their hearty thanks for this generous gift. Any friends of the Sea Cadets who would care to do so, are invited to contribute books dealing with matters of interest to Sea Cadets, such as naval yards, sea fiction, technical books (not too advanced), etc. The library will be opened, and a system of issuing the books established, at an early date.

COMMANDING OFFICER,  
Co'y 1358, Kelowna Sea Cadet Corps—"Grenville".

## 1ST RUTLAND TROOP

"Do A Good Turn Daily"

Orders for the week ending Feb. 2nd:

The Troop will parade in the Community Hall on Friday, at 7.30 p.m. sharp.

Duty Patrol: Kangaroos.

The S.M., being on the sick list for two weeks, the meeting was in charge of Assistant Scoutmaster Greville Harrison, and the programme previously arranged was carried through successfully. The attendance was very good. There are a few who are becoming habitual absentees, and they will be dropped from the membership roll shortly, if there is no change for the better.

Tests passed recently, and not previously recorded, have been: Tenderfoot Promise, Flag and Scout Law; Recruit L. Davies, Kangaroos, and Recruit L. Smith, Beavers. A.S.M. Harrison acted as examiner in each case.

Patrol	Points
Kangaroos	212
Seals	189
Beavers	187

A meeting of the Court of Honour was held at the home of the Scoutmaster on Wednesday last, with an attendance of three P.L.s, two Seconds and the A.S.M. The main item under discussion was the annual entertainment. It was decided to start work on this the first week in February, and to hold the affair on Friday, March 15th. It was decided also to shorten the concert a little and to enlarge the dance, which had been entirely impromptu heretofore but which is to be made an advertised part of the show. The admission will be raised to 50c to cover the extra rental that will be charged for the hall.

### WOLF CUBS

The Cub meeting time for the winter months will be 3 p.m., until further notice.

For the same reason given for the Scout meeting, the Cub meeting on Friday was in the hands of assistants. Troop Leader K. Bond and P.L. Pete Ritchie took charge and ran a most successful meeting. There was an attendance of 13 Cubs. The two absentees are habitually so and what was said of certain Scouts goes equally for the Cubs. A competition has been started for the Cubs, and the standing will be published in next week's notes.

A. W. GRAY,  
Scoutmaster and Acting C.M.

## TYPHOID FEVER AND CONTAGIOUS ABORTION

(By Dr. G. A. Ootmar, District Medical Officer)

In our last article we drew attention to the danger of typhoid "carriers," and asked how can these persons be detected.

Everybody who suffers from an infectious disease takes in his blood substances which kill the germs. In typhoid fever and in many other diseases these substances cause the germs to draw together. When one has suffered from typhoid, these substances stay in the blood for lifetime, but in many other diseases, such as influenza, they stay only for a short or longer period.

When, in the laboratory, the blood of a carrier is mixed with typhoid germs, these germs cling together. What was the first bacteriologist to teach us this and the test is named the Widal test, being called positive when the germs are clinging. A carrier has a positive Widal.

The test is not used only for detecting carriers. When a man becomes ill with symptoms of typhoid and the doctor wants to be sure, a Widal test is made. Many times the Widal is negative and yet the doctor, on account of the clinical symptoms, cannot diagnose the disease as other than typhoid.

How is this possible? We will overlook the rare cases in which the Widal is negative notwithstanding that typhoid germs are found in the patient's blood, and we come now to a very important fact. There are germs very closely related to those of typhoid, and one who suffers from disease caused by these germs gets all the symptoms of typhoid. As we know these germs, we also perform a Widal with them, and in this way we are able to state from which kind of infection resembling typhoid the patient suffers.

But still there remain a number of cases in which a patient shows typhoid symptoms, with all Widal on the different kinds of germs negative. A few years ago there was found in the blood of a man suffering from a disease resembling typhoid germs which had no relation at all to the typhoid germs. They were known in a disease in cattle termed "contagious abortion." More research was made, and we now know that a great many cases of suspected typhoid (also all with negative Widal) are due to infection of the men with the bacillus which causes contagious abortion in cattle. Last year, there was one case in this district, but that does not signify that the disease is very rare.

As soon as it was reported that contagious abortion was dangerous to human beings, it was reported from all over the world that the germs were found in the blood of men patients, and it was stated recently in a newspaper article that the Canadian Health Association was urging the pasteurization of milk in order to control food-borne diseases, including Malta fever, which is the name given to the disease caused by the Bacillus Abortus in mankind.

Everybody who has contagious abortion on his farm has to be very careful. On our map of places in the district where some trouble with germs has occurred we have a great many spots marked with "B.A." (Bacillus Abortus), but the people themselves have to be on the watch, knowing that drinking unpasteurized milk from such cows is dangerous and that the hands have to be cleansed thoroughly before meals are taken.

The Merritt Industries Company has granted H. N. Freeman and his associates a five-acre site at the Blair property on a lease of ninety-nine years at

## The Committee Meets to Decide Mother's Fate

"WE would be glad, of course, to have mother come and live with us," says one of the sons. "But the trouble is our house is so small."

"We haven't a spare room," adds the daughter-in-law regretfully.

And so it goes. One after the other makes excuse. Each has his or her own problems, and responsibilities.

Widowed at 65, Mother's fate would have been vastly different had father left any estate, or adequate life insurance. Mother could have had a nice little monthly income of her own if father had planned aright—an income guaranteed by the Mutual Life of Canada, and payable as long as she lived.

This Mutual Monthly Income policy is one every man with family responsibilities should seriously consider. Any Mutual Agent will be glad to tell you the advantages of this policy. Let us send you our folder "The Greatest Thing in the World of Insurance."

**MUTUAL LIFE OF CANADA**  
WATERLOO — ONTARIO

Kelowna, British Columbia

## THE AYRSHIRE HERD AT INVERMERE

(Experimental Farms Note)

A yearling Ayrshire bull, "Ottawa Supreme 40th,"—113116—has recently been obtained from the Central Experimental Farm, Ottawa, for service in the Invermere herd. He is a Class A bull in Advanced Registration, and is sired by Ottawa Supreme 15th, junior champion and reserved grand champion bull at the 1925 Royal Show. This bull has left an excellent lot of young stock in the Ottawa herd. He was sired by Shewellton Mains Supreme (imp.), an outstanding breeding bull. The sire's dam, Cathina Barbara (imp.) was an outstanding individual—with R.O.P. record of 12,495 milk, 467 fat, 365 days, in mature class.

The dam of Ottawa Supreme 40th is Relief Lucy (imp.)—83933—, considered the best all round cow in the Ottawa herd, being of excellent dairy type, with refinement, and with a per-

fect udder and teats. She has creditable records under R.O.P. in the two, three, four-year-old honour roll class, while her five-year-old mature record of over 12,000 pounds has not yet been reported until calving again.

This bull is being especially obtained to cross on the proven Ottawa Lord Kyle 22nd, former herd sire at the Station. The herd recently passed the annual T.B. test, the certificate being received for the fourth year. During the year arrangements were made with Health of Animals Branch to conduct contagious abortion tests, and all animals reacting have been slaughtered, as are reactors under the T.B. scheme. Three tests have been conducted during the year, and the herd at present is free from reactors to the contagious abortion tests.

The Station has not tried to make any outstanding records. The foundation stock is made up of good commercial cows, and it is hoped by using outstanding sires to improve the qual-

a nominal sum, on which will be erected the proposed coal-by-products plant. Mr. Freeman, addressing a meeting of the Merritt City Council and some members of the Board of Trade, stated that he planned, as managing director, to have the plant erected and in operation by September 1st. The first unit of the plant, for briquetting, will cost between \$125,000 and \$150,000. Seven British firms are at present competing for the order and when a selection is made British experts will come to Merritt to supervise the erection of the plant.

One way to improve the postal service is to stop mailing bills.

LEADING PICTURES  
AT THE EMPRESSBillie Dove Has Dramatic Role In  
"The Night Watch"

An intensely dramatic climax, laid in a powerful story of unusual setting, makes "The Night Watch," the feature showing at the Empress Theatre for Friday and Saturday, a highly worthwhile screen production. Billie Dove, never more beautiful nor charming, has what many will regard as the most dramatic role of her starring career and one which calls upon all her emotional depths for a convincing characterization.

Miss Dove plays the wife of a naval officer who is falsely implicated in a murder which can only be cleared up by her testimony and this testimony is such as to cast a shadow upon her own honour. In this role, the star displays unusual dramatic qualities, and at the same time maintains a fine restraint in her characterization.

Donald Reed and Paul Lukas, in the leading masculine roles, have important parts and their contrasting personalities add greatly to the story's power. The plot is based on the stage success of a few years ago, "In The Night Watch."

## FASHION FANCIES

THE SPORTS FROCK WITH A  
DISTINCTIVE TOWN AIR

For use both in town and country—for sports wear and informal afternoon occasions—we recommend this charming and simple two-piece frock.

The sweater is striped in black, white and gray—an unusually popular combination—and the skirt is fashioned of black broadcloth. A narrow patent leather belt emphasizes the low waistline and is piped in flaming red.

## "The Cameraman"

Buster Keaton, he of the frozen countenance and acrobatic art, casts a new light on the subject of comedy by proving that just twice as many laughs to the foot of film can be obtained by ultra-modern methods. This achievement in cackinnation is obtained by mixing a romance very carefully into a series of hilarious adventures, comical accidents and laughable troubles, and this is the formula that Keaton used in "The Cameraman," which comes to the theatre on Monday and Tuesday.

All the world loves a lover, and that is why Buster gets enormous sympathy from the spectators in his struggle against comical odds to win the fair Marceline Day. In his role as an apprentice newsreel cameraman, Buster's adventures are fast and furious. He gets hold of an ancient and decrepit camera and starts out to show New York what he can do. He gets trampled on in a parade, runs up the fire department, and falls off the camera boat during the big Newport race and fouts the propeller—but he rescues the girl. When he drops off a four-story building, it is into the midst of a Chinatown tong war, with machine gun bullets perforating the atmosphere.

"The Cameraman" shows the comical Buster leading a busy life.

## "Thanks For The Buggy Ride"

Glenn Tryon can't play a piano and Laura La Plante's singing voice is a rather uncertain one. Yet, in "Thanks for the Buggy Ride," coming to the Empress on Wednesday and Thursday, the story is built around the ability of Tryon to rattle off jazz tunes and Miss La Plante to sing them.

This is high tribute to their acting ability for both give the impression of being accomplished musical artists in the close-ups. Miss La Plante's lips and throat movements are perfect, and Tryon's finger movement is equally good. While these scenes are delightfully funny on the screen, they were even funnier on the set when the music and voice could be heard. The disharmony was ludicrous.

Both players have scored their greatest successes in pantomime and they have combined their talents to make "Thanks for the Buggy Ride" a leading comedy.

The picture is said to attain a standard equal to other pictures in which Miss La Plante has appeared.

## Antimony In Canada

Although the production of antimony from Canadian mines was first recorded in 1886, shipments have been somewhat erratic and production has gradually fallen off, largely on account of the decline in the market price of this metal. Ores of antimony are known to occur, however, in British Columbia, New Brunswick, Nova Scotia, Ontario, Quebec and the Yukon, and there are indications of a renewal of interest which may result in antimony being included regularly in the statistics of Canada's mineral production.

At the annual meeting of the Princeton Board of Trade, held last week, the only name placed in nomination for the position of president for the current year was that of W. A. Wagenhauser, and he was duly elected to lead the activities of the Board for the year. Elections of Vice-President and Secretary will take place at the next monthly meeting.

## MAY BE SENATOR

H. J. Logan, former member of the House of Commons for Cumberland, N.S., whose name is mentioned to succeed the late Hon. W. B. Ross in the Senate.

\*\*\*\*\*  
TWENTY YEARS AGO  
\*\*\*\*\*

(From the files of "The Kelowna Courier")

\*\*\*\*\*  
Thursday, January 21, 1909  
\*\*\*\*\*

"A petition asking for improvements to the 'Swamp Road,' in the Okanagan Mission district, is lying at Hewetson & Mantle's office, and is being numerous signed by all who have occasion to use the road."

"T. Lawson, Ltd., were engaged for several days this week in the strenuous task of moving their large stock into their temporary premises in the Keller Block, which they will occupy until the alterations on the Raymer Block are completed."

"From Wednesday last the weather has rapidly moderated, and newcomers were treated on Sunday to the novel spectacle to them of a real Okanagan Chinook which rapidly melted the snow under the combined influence of warm south wind and rain."

"A meeting of the Kelowna Sports Association was held on Saturday afternoon in Mr. R. H. Parkinson's office, with Mr. H. S. Rose in the chair, and a number of details were discussed in connection with the incorporation of the Association and issue of shares. Before adjournment, \$2,025 worth of shares were subscribed by those present, and the project has every prospect of success."

"Mayor DeHart has received the welcome news that three more prizes have been awarded the Kelowna fruit exhibited at Spokane, including first prize for the best 3 1/2 tier box of Northern Spies, first prize for the best 3 1/2 tier box of Rhode Island Greenings, and second prize for winning the most first prizes. The prizes take the form of handsome diplomas with blue silk prize ribbons attached, and Mr. DeHart will have them framed for display at exhibitions."

There was a surprising aftermath to the civic elections. Alderman-elect Brunette was unable to take his seat owing to a technicality in connection with the property qualification, while Aldermen Stirling and Gaddes resigned the office to which they had been elected, their reasons for so doing being stated as follows in their letter of resignation:

"Mayor DeHart, who was a member of the late Council, criticized the policy of that Council, and the ratepayers have supported him in those criticisms, which indicate that the policy followed did not meet with their approval."

"We, who heartily supported that policy, feel that we could not endorse the policy of the present Mayor, and our presence at the Council board would only make discord and be a hindrance to Mayor DeHart in carrying out the policy approved by the ratepayers."

At a meeting of the Council of 1908, the resignations were accepted and nomination day to fill the vacancies was fixed for Wednesday, January 27th, with poll, if necessary, on Saturday, January 30th.

## Value Of Prairie Shelter Belts

The Tree Planting Division of the Forest Service, Department of the Interior, reports that there are now about 55,000 flourishing plantations scattered over the Canadian prairies where in former times one could travel for miles without seeing a tree. Besides affording shelter for homesteads and crops and preventing soil-drifting, these plantations have made it possible to establish orchards, vegetable gardens and plantings of bush fruits such as raspberries and currants, all of which were practically unknown on the prairies a few years ago.

A resolution urging the immediate construction of an important link of the Hope-Princeton road, to provide an outlet for mining activities at Roche River, by the Princeton end, was passed unanimously at a recent meeting of the Princeton Board of Trade, and marks a new venture in the Board's policy on the much discussed highway question.

Wednesday, Jan. 30th, the annual general meeting of the congregation will be held in the church auditorium at 8 p.m. Reports from all departments will be given and Boards and Committees for 1929 will be elected.

KELOWNA FIRST BAPTIST

**CHURCH.**—Rev. A. J. D. Milton, Pastor.

Sunday School and Church Service combined, from 10.30 to 12. Subject: "God's Apprenticeship." Evening Service at 7.30. Subject: "The Light of the World." Prayer service and Bible Study on Wednesday at 8 o'clock.

A hearty invitation is extended to all.

**BETHEL REGULAR BAPTIST CHURCH.** Richter St. Pastor, Mr. G. Thornhor.

Sunday School and Bible Class, at 10.30 a.m.

7.30 p.m., Evening Service. Wed. evening at 7.30, Prayer Meeting.

A cordial invitation is extended to all to come and worship with us.

**FREE METHODIST CHURCH.**—Richter Street, North.

Preaching each Sunday at 11 a.m. and 7.30 p.m.

Sunday School at 10 a.m.

Prayer Meeting, Wednesday, at 8 p.m. Rev. J. J. Walker, Pastor.

Special revival services every day.

2 p.m. and 7.30 p.m. Rev. J. N. Walker, Evangelist.

**SALVATION ARMY.**—Sunday, 11 a.m., Holiness Meeting. 2.30 p.m., Sunday School. 7.30 p.m., Salvation Meeting. Public Meeting, Thursdays 3 p.m.

**CHRISTIAN SCIENCE SOCIETY.**—Sutherland Block, Bernard Avenue, opposite Palace Hotel. This Society is a branch of The Mother Church, the First Church of Christ, Scientist, Boston, Mass. Services: Sunday, 11 a.m., Sunday School, 10 a.m.; first Wednesday, Testimony Meeting, 8 p.m. Reading room open Wed. and Sat. afternoons, 3-5 p.m.

**GUILD OF HEALTH.**—Weekly scripture study for all interested in the subject of Spiritual Healing.

Subject for meditation: "God's Will and Health." Jan. 24th. Ex. ch. 15, v. 26. Jan. 25th. Psalm 103, v. 3. Jan. 26th. Matt. ch. 4, v. 23. Jan. 27th. Heb. ch. 13, v. 5. Jan. 28th. Matt. ch. 33, v. 20. Jan. 29th. Rom. ch. 13, v. 2.

Jan. 30th. Luke, ch. 13, v. 16.

Let us ask ourselves some fundamental questions, quietly and earnestly considering them. Can Christ heal us? Can He keep us from getting ill? Can He keep us from accident?

Let us be absolutely convinced that Christ can heal us and that His power is as great as ever, and then we have gained a great step. We are not likely to get any further on the lines of spiritual healing till we have a real, living faith in Christ's power to heal today.

So many of us were brought up on the old theory of resignation, with the morbid idea that the will of God meant always the unpleasant things for us and that while God was greatly concerned about making us holy. He did not care so much about our being happy. Christ never wished any one to be ill and never said it was good for them. He healed them all when they came to Him. Illness is an indication that something is wrong in our relationship with God and man. Come at once to God to be cured, and also reconciled to your neighbour. The simple yielding of the will to God and endeavouring to heal defective relationship, is the first step to health of body and soul.

## WILKINS RETURNING. ONE AIM ATTAINED

Captain Sir George Wilkins (above), head of the Wilkins-Hearst expedition to the Antarctic, who announced in a radio message that he was returning to the American Continent to prepare for the second phase of his exploration in the South Pole area. His decision was reached following a 500-mile flight over Graham Land, in which he searched in vain for a more suitable base from which to continue his explorations further south. The map shows his present base and the country over which he flew.

**Do You Look For Food Values In  
The Foods You Buy?**

You should. You cannot be hap-  
py unless you are healthy and you  
cannot be healthy unless you eat  
food with real nourishment in it.  
Bread is the food of foods. Be-  
cause it's flour and milk and com-  
pressed yeast combined into a loaf  
that has an appetite satisfaction in  
every slice.

**EAT GOOD BREAD  
SUTHERLAND'S BAKERY**

Almost any watch will run for  
months after the last particle of  
oil on the bearings has disappear-  
ed, but injury is sure to follow.  
It must be overhauled periodically,  
taken apart entirely, removing  
old dried up oil and dirt. It takes  
a grain of dirt the size of a needle  
point to stop a watch.  
Now is a good time to bring in  
your watch for repairs.

**TAKE A  
BUSINESS COURSE**

Willie: "Did Mr. Edison make the  
first talking machine, Pa?"  
Pa: "No, my son. God made the  
first talking machine, but Edison made  
the first one that could be shut off."

Some men take good care of an auto-  
mobile; others treat it like one of the  
family.

## THE KELOWNA COURIER AND Okanagan Orchardist.

Owned and Edited by  
G. C. ROSE

**SUBSCRIPTION RATES**  
(Strictly in Advance)  
To any address in the British Empire, \$2.50  
per year. To the United States and other  
foreign countries, \$3.00 per year.

The COURIER does not necessarily endorse  
the sentiments of any contributor article.  
To ensure acceptance, all manuscripts should be  
legibly written on one side of the paper  
only. Typewritten copy is preferred.  
Amateur poetry is not published.  
Letters to the editor will not be accepted for  
publication over a "nom de plume"; the writ-  
er's correct name must be appended.

Contributed matter received after Tuesday night  
will not be published until the following week.

**ADVERTISING RATES**  
Contract advertisers will please note that their  
contract calls for delivery of all changes of  
advertisement to The Courier Office by Mon-  
day night. This rule is for the mutual inter-  
ests of patrons and publisher, to avoid con-  
gestion on Wednesday and Thursday and  
consequent night work, and to facilitate pub-  
lication of The Courier on time. Changes of  
contract advertisements will be accepted on  
Tuesday as an accommodation, but an adver-  
tiser confronted with an emergency, but on  
no account on Wednesday for the following  
day's issue.

**Transient and Contract Advertisements—Rates**  
quoted on application.  
Legal and Municipal Advertising—First inser-  
tion, 10 cents per line, each subsequent in-  
sertion, 10 cents per line.  
Classified Advertisements—Such as For Sale  
and Wanted, etc., under the heading  
"Want Ads." First insertion, 15 cents per  
line; each additional insertion, without change  
of matter, 10 cents per line. Local adver-  
tisement, 80 cents. Count five words to  
line.  
Each initial and group of not more than five  
figures counts as a word.  
If so desired, advertisers may have replies  
addressed to a box number, care of The  
Courier, and forwarded to their private ad-  
dress, or delivered on call at office. For this  
service, add 10 cents to cover postage or  
filing.

THURSDAY, JANUARY 24th, 1929

**EXCHANGE WILL STAY  
WITH ASSOCIATED**  
(Continued from page 1)

something," with the petition, as a ru-  
mour had been spread to the effect that  
some members were considering with-  
drawing from the co-operative organiza-  
tion unless concessions from Central  
were forthcoming. He had found many  
big tonnage growers who would break  
away if nothing was done to remedy  
present conditions. He was not sorry  
that Mr. Chambers was present.

That it might be a good idea to pass  
a resolution not necessarily supporting  
the K.G.E. or Central but standing  
wholeheartedly behind the petition was  
the opinion of Mr. C. E. Atkin. If  
such a resolution should be passed, it  
would contradict the statement pub-  
lished by the Province newspaper. Per-  
sonally he would like to see it go  
through.

Mr. Loosmore replied that there was  
little doubt that all stood for co-opera-  
tion, but the question before the meet-  
ing involved the relationship between  
the K.G.E. and Central. The object of  
the meeting was to determine the de-  
gree of support afforded the Associated  
by the Kelowna Local.

In answer to a grower's assertion  
that frank opinions should be expressed,  
Mr. Loosmore said that he was not  
afraid to state his mind. In his opinion,  
the K.G.E. and its members benefited  
being connected with the Associated,  
although there were some things that  
required readjustment. The problem  
of pooling, for instance, was an impor-  
tant one, involving claims, distribution,  
etc., all of which were handled at the  
Central office. Under this system, Lo-  
cals were left in the dark for some  
time, having no knowledge of returns  
until late in the winter; money was lost  
in repacking and it remained to be de-  
cided in some cases whether the Local  
should stand this loss or whether it  
should be charged against the Central  
pool. He thought that Mr. Chambers  
would realize something should be done  
with regard to pooling.

Replying to the opinion expressed by  
a grower that the Kelowna Local  
should handle its own pools, Mr. Loos-  
more stated that the contract of the  
K.G.E. with the Associated was binding  
and that if it was dissolved it would  
automatically dissolve its validity. The  
contract was permanent and called for  
seventy per cent of the total tonnage  
of tree fruits and vegetables.

Mr. F. A. Taylor, Local Director, re-  
ferred to the statement which had ap-  
peared in the Province. He had tack-  
led the reporter at Penticton and the  
reporter had told him that Mr. Reekie  
and one or two others had been paid  
the information. This was information  
that should not be broadcast, especially  
by those outside the organization who  
have nothing definite on which to base  
assumption.

Referring to a statement made by  
Mr. W. J. Coe, of Winfield, at the con-  
vention of the B.C.F.G.A. at Penticton,  
Mr. Taylor said that Mr. Coe had re-  
marked that the convention was paid  
with members of the Associated. He  
had also stated that a quantity of ap-  
ples, greatly in excess of the actual  
number of boxes, had been repacked by  
the Associated Growers. The pooling  
question was complicated, no doubt,  
but comparison of one case with which  
he was familiar revealed that the As-  
sociated grower realized higher returns  
from his McIntosh crop than the inde-  
pendent grower. In this case, the As-  
sociated grower had a seventy-five per  
cent pack, while the independent grower's  
pack did not exceed fifty-nine per  
cent. Quoting another case, Mr. Taylor  
said that a certain independent grower  
had had no Fancy grades at all, only  
C grade and Household.

Following a remark from a grower  
that the meeting should take up the  
business to be dealt with, Mr. Taylor  
said that all seemed satisfied with the  
management of the Associated—the  
main dissatisfaction centered around  
pooling. It appeared that a separate  
pool for the Kelowna Local would be  
more satisfactory than the present ar-  
rangement.

Mr. Loosmore doubted if the Local  
could go so far as to handle its own  
pools and still do business with Central,  
as it would smash the structure upon  
which co-operation was held.

A discussion followed with regard to  
Jonathans being packed by the Associ-  
ated when they were showing break-

down. In this connection, Mr. C. A.  
Barrat said that, while in England, he  
had observed the Jonathans but had  
failed to see signs of breakdown in the  
apple. Mr. Loosmore explained, in  
answer to a query, that 1,000 boxes had  
been unpacked and sent to the cannery  
to fulfil a contract. A few were break-  
ing down possibly and were sent to the  
cannery.

Mr. Chambers said that in such  
cases it was logical to unwrap, as it  
could not be avoided. Things of this  
nature were arising every year, and he  
felt that 1,000 boxes unwrapped out of  
431,000 boxes handled was a very small  
item.

Questioned as to whether or not it  
were true that the Associated had or-  
dered cessation of the Household pack  
on a certain date, Mr. Chambers re-  
plied that such orders had been issued  
due to the fact that doubt existed as to  
whether or not further quantities could  
be disposed of. The Committee of Di-  
rection had issued a circular to the ef-  
fect that, while it was not imperative  
to discontinue packing Household var-  
ieties, it was advisable. The Locals  
were forced to hold Household varieties  
and had admitted it.

**Kelowna Loses Its Central Pools.**  
Continued from page 1. The subject of  
the subject of which concerned losses  
suffered by the Kelowna Local in Central  
pools. A grower said that the McIn-  
tosh variety had been packed according  
to severe grading regulations, and he  
did not see how the loss incurred in over-  
production of Household and C grades  
could be compensated. Mr. Chambers  
replied that the Kelowna Local was the  
only Local to suffer because of cir-  
cumstances over which they had little  
control.

In reply to a question, Mr. Chambers  
said that the returns from the Jonathans  
pool had not yet been worked out, but  
it would be equitable to all growers. It  
was intricate in detail but could possi-  
bly be arrived at on a tonnage basis.  
Each grower would always have the  
same price for the same commodity.

**Delay In Payments To Growers.**  
Reverting again to the dissatisfaction  
existing among growers, Mr. Atkin  
said that one or two things were re-  
sponsible for it. Seventy-five per cent  
of the dissatisfaction was caused by  
delay in payments to the grower. Mr.  
Chambers had promised improvement  
in that particular, and unless some-  
thing could be done to speed up pay-  
ments, "trouble will come and wreck  
the works." He hoped that Mr. Cham-  
bers would take his contention in good  
part, but that he would take it serious-  
ly. The subject of cold storage in Ke-  
lowna was another "sore spot," it be-  
ing generally understood that nothing  
could be placed in storage unless or-  
dered by Central.

Mr. Chambers replying, reminded  
the meeting that payments in 1927 had  
been good and had been out early. Last  
year production had been heavy, mar-  
keting difficult, and it was not easy to  
arrange advances. He appreciated the  
fact that the growers were in need of  
money, but it was dangerous to make  
early advances, as it sometimes de-  
veloped that returns were not sufficient  
to cover the advances.

Mr. Chambers said that the Kelowna  
McIntosh would probably be closed  
this week, and it would be the big-  
gest pool; the Jonathans pool would  
possibly be delayed longer. There were  
hundreds of cars of other varieties yet  
to be sold. With regard to cold stor-  
age, which presented no little difficulty  
to the Associated, they had over 4,000-  
000 boxes of apples in B. C.—they had  
to be run to certain points to relieve  
congestion. The holding pens as Janu-  
ary 7th were distributed as follows:  
Kelowna, 6 cars; Moose Jaw, 4 cars; Re-  
gina, 8 cars; Prince Albert, 2 cars; Van-  
couver, 3 cars; Brandon, 5 cars; Mon-  
treal, from 10 to 15 cars; Montreal,  
none; about 80,000 boxes remained in  
the valley, stored at Kelowna and Ver-  
non. He considered their cold storage  
policy a good one and would like to  
see more accommodation of this kind  
in the valley. It was proposed to pro-  
vide cold storage facilities at Summer-  
land.

Mr. C. Taylor referred to the sub-  
ject of payments, saying that he would  
like to see the system improved. Un-  
der the present system, Central for-  
warded a lump sum to Kelowna Local  
but it was not stated what that sum  
covered, consequently there was lack  
of system in that regard. For instance,  
payment for Fancy pears could be set  
down from Central and paid out for C  
grade as well as Fancy, and the possi-  
bility of such practice should be made  
avoidable. There should be some de-  
finite policy of payment. When a lump  
sum was sent to Kelowna Local distri-  
bution of it was left to the discretion  
of the manager, and the Directors were  
not consulted as to its disposal.

Mr. W. O'Neill, Manager of Kelowna  
Local, refuted the concluding state-  
ment voiced by Mr. Taylor. He said  
that payments were regulated by sys-  
tem and that Directors were consulted  
before such payments were made.  
There was no trick involved; it was  
simply a matter of business. Answering  
a question put by Mr. Taylor, he af-  
firmed that the Directors were kept  
informed as to payments made by the  
Local.

Mr. Loosmore and Mr. F. A. Taylor  
substantiated Mr. O'Neill's state-  
ment that they were kept informed as  
to disbursement of lump sums of mon-  
ey forwarded to them by Central. They  
did not always go into detail, but they  
had great confidence in the ability of  
the manager (Applause).

Mr. Loosmore granted that be-  
cause the grower did not get his money  
soon enough was a grave complaint,  
but the Local organization was always  
careful in paying out money in order  
that it might be properly distributed.  
Questioned by Mr. C. Taylor, he ad-  
mitted that in some cases it would be  
possible to pay out money on a variety  
other than that for which it was in-  
tended.

**Points For Discussion**

Mr. H. B. D. Lyons, addressing the  
gathering, said that his connection with  
the Associated had made money for  
him. However, in order to clear the air,  
he would bring up a number of points  
for discussion as, apparently, the peti-  
tioners had no spokesman. Central  
pooling had been objected to; laziness  
of distribution, as compared with the  
Independents, needed explanation; and  
other points included discrimination of  
claims against the K.G.E., non-control  
of amount of exports, late returns as  
compared with the Independents, inter-  
est on money that the Associated holds

and does not send to Locals. These  
were some of the main things that  
should be cleared up. Referring to the  
Independents, he said that if the As-  
sociated was broken up it was doubt-  
ful if the Sales Service would handle  
their marketing, in which case the In-  
dependents would get the big balance  
of fruit to handle and would conse-  
quently upset the Board of Control.

Before the morning session was ad-  
journed, Mr. F. A. Taylor said there  
was one more question to be added to  
those asked by Mr. Lyons: "Do profits  
from the Canadian Fruit Distribu-  
tors go to the Associated Growers?"

**President Of Associated Replies To  
Queries**

At the afternoon session, Mr. Cham-  
bers addressed the meeting along the  
lines suggested by Mr. Lyons, and  
answered queries put by the growers.

**Separate Pools Not Feasible**  
In opening his address, Mr. Cham-  
bers stated that co-operative market-  
ing did not permit of separate pools.  
The Associated Growers were known  
as a fruit pool, and pooling was some-  
thing from which they could not get  
away.

"We have tried different plans," said  
Mr. Chambers. "In 1923 we found pro-  
vincial pools to be unsatisfactory, and  
other plans have failed. I fail to see  
how any method, other than that now  
employed, can be satisfactorily adopted."

Under the central pooling system of  
the Associated Growers, said Mr.  
Chambers, every effort is made to in-  
clude all growers. Investigation would  
show that no preference is given one  
way or the other. Some changes would  
be made during the year, when a sys-  
tem of zone pooling would be consid-  
ered. This would mean that growers  
in some districts would have to suffer  
loss. For instance, it would be hardly  
fair to include Keremeos fruit in the  
Okanagan Valley district.

**No Unnecessary Delay In Payments**

Touching on late payments, Mr.  
Chambers said that in years such as  
1928 little could be done to speed up  
returns and it was extremely difficult  
to make advancements. He stated that  
there was not much money at Vernon  
not in use—it was kept in circulation.

**Evasion Of Export Quota**

With regard to the evasion of the  
control measure as applied to export  
apples, Mr. Chambers said that if dis-  
tribution could not be controlled price  
could not be controlled. Taking Jon-  
athans as an example, nothing smaller  
than a size 1 could be shipped to the  
prairie and there was no business in  
this variety. Some packers put liners  
and some tiers in the pack, making it  
more attractive and creating stiff com-  
petition. The Associated had this com-  
petition to contend with as did the  
Committee of Direction, and the only  
remedy would be fool-proof legislation.

**Canadian Fruit Distributors' Profits**

Rumour that profits from the Cana-  
dian Fruit Distributors go to the As-  
sociated Growers was absolutely with-  
out foundation, said Mr. Chambers.  
The total receipts are divided between  
shippers and jobbers, seventy-five per  
cent going to jobbers and twenty-five  
per cent to shippers. All revenue had  
gone where it should go. The Canadian  
Fruit Distributors are operated and  
controlled by the Associated, with head  
office at Vernon. A brokerage fee is  
paid to them of \$25 on each car sold,  
and at the end of the year the entire  
profits are distributed as outlined.

Asked if other shippers follow the  
same line, Mr. Chambers mentioned  
one other distributing agency in West-  
ern Canada that had been established  
by shippers and growers to meet com-  
petition, namely Mutual Brokers, which  
has been re-organized and is now  
known as the Robertson Co. This  
company had been organized on the  
same basis as had the Canadian Fruit  
Distributors, in order to sell to the  
jobber, who said: "Let me participate  
and I will leave you in the brokerage  
field." In this way the competition  
was avoided and the jobber was attrac-  
ted to buy. The revenue was also in-  
creased by handling foreign importations,  
as a full line of foreign fruit was  
handled. The stand could be taken  
that the C.F.D. would not act as an  
agent for American shippers, but it  
would only result in opening up a field  
for other brokers and more would be  
lost than gained. Besides, through  
their own brokerage house, the Associ-  
ated could keep the fruit situation in  
better control.

**Units Of Associated Must Hold  
Together**

In summing up, Mr. Chambers said  
that he could not conceive of a mea-  
sure of control unless all units of the  
Associated held together. The trend  
today was all towards consolidation.  
Banks and industries consolidated,  
thereby becoming more powerful than  
if they operated as separate units.  
Working conditions of the labouring  
man had improved vastly during the  
past twenty-five years as the direct  
result of the formation of unions. A  
tendency towards decentralization was  
reverting to individual effort and would  
be a step backward instead of ahead.

**Marketing Control**

As reference had been made to the  
Independents which implied that under  
marketing control they had benefited  
by more than their share of the home  
market, Mr. W. Price asked if the  
Board of Control had produced the con-  
dition expected, to which Mr. Chambers  
replied that "they were better off than  
if they had no control at all." Chair-  
man F. M. Black was doing his best,  
said Mr. Chambers, and he had not at-  
tended the meeting to criticize the  
Committee of Direction.

Mr. Lyons thought that, if the As-  
sociated was in an inferior position with  
regard to marketing, poor salesmanship  
must be responsible.  
Mr. Chambers replied that there were  
different angles from which to view the  
situation. He said that if next year  
the Associated marketed 90 per cent  
of the crop, the load would simply be  
shifted on the other fellow. The prob-  
lem was one of equitable distribution.  
Marketing of the Jonathans had been  
a problem—one not helped by the fact  
that the rule as to size for export had  
been ignored by shippers in some cases.  
Possibly an amendment to the Act  
could be worked out that would make  
distribution more equitable.

Questioned further with regard to  
marketing control, Mr. Chambers said

that the Committee of Direction had no  
actual proof as to the number of cars  
shipped by certain organizations, as  
they trusted to the word of the shipper.  
The question of sweetening of grades  
was one hard to check up, but the  
Chairman of the Committee of Direction  
was aware that something would  
have to be done about this. The Com-  
mittee have no control over Dominion  
inspectors, he admitted; they should  
have one hundred per cent control over  
inspection of crops going out of the  
valley, and invoices should also go to  
the Board in order to make an accurate  
check of exports. Mr. Chambers said  
that there seemed to be an impression  
held that the Associated was antagonis-  
tic to the Committee of Direction,  
which was not so.

**Mr. J. N. Thompson Opposes Central  
Pools**

Mr. J. N. Thompson next addressed  
the meeting. He said that he had the  
welfare of the K.G.E. at heart and if its  
present connection with Central was in  
any way at fault, their own Local must  
be considered first. He thought that  
central pooling was detrimental to the  
local grower, as it added expense to  
marketing. He felt that the re-  
sults from the McIntosh pool would in-  
fluence growers to a great extent, and  
those dissatisfied should make their dis-  
satisfaction known. Long-range man-  
aging caused constant friction, and the  
mixing of fruit from all districts in one  
central pool was nothing less than an  
evil which should be avoided. He cited  
a case wherein Kelowna crabapples had  
been packed with crabs from the North  
and disaster had resulted.

Lamenting the long wait for returns  
under the present central pooling sys-  
tem, Mr. Thompson was convinced  
that, if pooling was done locally, pay-  
ments would be forthcoming earlier in  
the season. At present he could not  
meet his liabilities at the bank and the  
Associated could not tell him where he  
"got off" with them. He reiterated that  
the future policy of a large number of  
growers would be determined by results  
obtained from the McIntosh pool. A  
number of members, not now shipping  
through their own organization, would  
do so if conditions were different and  
more reasonable.

Mr. R. W. Corner was of the opin-  
ion that there was widespread dissatis-  
faction in Kelowna with regard to their  
connection with the Associated. If re-  
organization could be effected to give  
Kelowna better control over its own af-  
fairs, it would be far more satisfactory.  
Personally, he was anxious to stay with  
the K.G.E. and the Associated.

Mr. Loosmore reminded members  
that it was the duty of the Directors to  
see that the contract with Central was  
faithfully observed, and they could do  
nothing to break it, unless seventy-five  
per cent of the total tonnage supplied  
by the K.G.E. was represented on the  
petition. There was no dissatisfaction  
at Rutland nor at Glenora—it was all  
in Kelowna.

Mr. Corner replied that the difficul-  
ties of Local pools must be weighed  
against the dissatisfaction extant. If  
Kelowna Local knew what it wanted  
and Local pooling was feasible, he was  
sure that Central would consider what  
Kelowna wanted.

Some discussion followed as to the  
formation of an independent commit-  
tee to take up the matter of Local pools  
with the Central body, but the general  
opinion was that this would be an ex-  
pression of want of confidence in the  
Directors.

**Is There Harmony Between Local And  
Central?**

Mr. Whiffin said the point to be set-  
tled was the nature of relationship be-  
tween Local and Central. Were they  
working in harmony? Had Central given  
Local a square deal? He thought  
that first of all the point or question of  
harmony should be cleared up.

Mr. Loosmore said that the Local  
and Central Board worked together  
harmoniously. In Mr. O'Neill they had  
the best manager of any Local and he  
was a fighter for the benefit of the  
growers. There was always more or  
less argument going on between Local  
and Central regarding claims, etc., but  
this could not be interpreted as dissat-

isfaction. He would ask the manager  
to express his opinion.

**Manager O'Neill Favours Local Pools**

Mr. O'Neill wished it clearly under-  
stood that what he was about to say  
was founded on his personal opinion.  
He said that, under the existing ar-  
rangements with Central, growers did  
not always get a square deal, but he had  
exerted his efforts to prevent them  
from breaking away from the organiza-  
tion, as to do so would be a grave mis-  
take.

"Lack of information," said Mr. O-  
Neill, "is a serious drawback. By all  
means let us use the Associated as a  
selling organization, but let us do our  
own pooling."

**Directors To Investigate Separate  
Pooling**

Following Mr. O'Neill's remarks, Mr.  
Hume moved that the Directors form  
a committee of themselves to go into  
the matter of separate pooling, which,  
after discussion, was seconded by Mr.  
Cushing.

Mr. Chambers said, in referring to  
the matter, that the Central organiza-  
tion was always ready to welcome in-  
vestigation. The K.G.E. and other  
Locals received no special concessions.  
Central tried to be fair to all.

Mr. Corner said, in pressing for  
adoption of the resolution, that Mr.  
O'Neill's remarks had indicated that  
the present arrangement was unfair to  
Kelowna and, in view of that, many  
growers desired that the matter of  
Local pools should be thoroughly  
investigated.

Mr. Loosmore replied that the  
Board would meet Central to discuss  
the matter, and the resolution was un-  
animously adopted.

**Affiliation With Central Endorsed**

In view of the fact that the eyes of  
the entire province were centered upon  
Kelowna at that time, Mr. Loosmore  
thought that a resolution should be  
passed endorsing the existing relation-  
ship between Kelowna Local and the  
Associated Growers. Colonel W. H.  
Moody then presented a resolution to  
that effect, which was duly seconded  
and passed unanimously.

Concluding, Mr. Loosmore asked  
growers to consider the cold storage  
question, as it was proposed to use

THURSDAY, JANUARY 24th, 1929

THE KELOWNA COURIER AND OKANAGAN ORCHARDIST

## WANT ADS.

First insertion: 15 cents per line; each additional insertion, 10 cents per line. Minimum charge per week, \$1.00.  
Please do not ask for credit on these advertisements, as the cost of booking and collecting them is quite out of proportion to their value. No responsibility accepted for errors in advertisements received by telephone.

## FOR SALE—Miscellaneous

FOR SALE—Dry cotton wood, \$2.50 per sack, delivered. Card, Benvenuto. 24-2p

FOR SALE—Buckeye No. 2 Incubator, 160 eggs, new condition, price \$25, cost \$53. Forty white Wyandotte pullets in full lay, \$1.50 each; highest grade egg laying stock. No. 823, Courier. 23-2p

FOR SALE—Five-room semi-modern house and garage, on lot 100x100 feet, south end, in the City of Kelowna, for the small sum of \$1,000. Apply, P.O. Box 96, Kelowna, B. C. 24-5p

FOR SALE—Modern five-roomed house, splendid location; garage, hot house, and some fruit trees. P.O. Box 461, City. 22-4p

FOR SALE—Geese. Apply, Mrs. A. Gordon, Benvenuto. 24-2p

Manager of Duncan Senior B. Basketball Team. 24-1p

## CARD OF THANKS

David, William and Alexander Crawford desire to thank many kind friends for expressions of sympathy in their recent bereavement. 24-1p

## CARD OF THANKS

Mrs. J. A. Crawford, Isobel and William, wish to thank their many friends for their kind expressions of sympathy, and many floral tributes sent at the time of their bereavement. 24-1p

## CARD OF THANKS

We wish to express to the municipal electors our deep appreciation and sincere thanks for the honour they have conferred upon us in electing us as aldermen of the City Council of Kelowna, and we pledge ourselves to give of the best that is in us for service to the city of which we all are proud. D. K. GORDON, O. L. JONES, B. McDONALD. 24-1c

Kelowna, January 18th, 1929. 24-1c

## LAYRITZ NURSERIES LIMITED

have grown and sold for 38 YEARS all varieties of fruit trees and ornamentals.

Representative for Kelowna and Vernon districts—

P. W. PIXTON  
Howerton Orchards  
OKANAGAN CENTRE, B. C.  
Practical Orchardist of 20 years' experience. 18-tfc

For the first time in the history of the Revelstoke district in the month of January, all connecting roads in the district are open for automobile traffic. Roads to the west connecting with the Okanagan and beyond, as well as the Arrowhead road, were open until after Christmas. For a week or two following, snowfall tied up traffic. Recently the big government snowplough and tractor cleared the road to Arrowhead, and later to Sicamous.

You can't make a silk purse out of a sow's ear, but you can make a call look nice with a silk stocking.

## Local and Personal

Mr. and Mrs. E. Chamberlain returned from Trail on Saturday.

Mrs. G. F. Flack and family left on Friday by Canadian National for Vancouver.

Mr. S. H. Old, of Geo. Rowcliffe Limited, who had been on the prairies during the past six months, returned on Monday from Regina, Sask.

Miss Una DeHart returned on Tuesday from Seattle, where she visited Mr. C. C. Josselyn, formerly of Kelowna. Mr. Josselyn, whom old timers will recall, wished to be remembered to all his Okanagan friends.

Miss Borrett, of Brighton, England, who recently spent a few days with her brother in Saskatchewan, is now staying with her brother, Mr. Roger F. Borrett, at East Kelowna, before sailing for New Zealand.

The regular meeting of the Young Women's Missionary Society of the United Church met at the home of Mrs. W. T. Patterson on Tuesday at the supper hour. Mrs. F. M. Black gave a most enjoyable talk on missionary work in Korea.

Special meetings are now in progress at the Free Methodist Church, Richter Street, Rev. J. N. Walker, Evangelist. All are invited to attend these revivals, which are being held daily at 2 o'clock in the afternoon and at 7.30 in the evening.

The annual meeting of the Kelowna Hospital Society will be held in the Board of Trade Hall on Friday, beginning at 2.30 p.m. All interested are invited to attend this meeting. The term of office of three of the Directors, Messrs. E. M. Carruthers, T. G. Norris and J. H. Broad, has expired, but they are eligible for re-election.

A performance of Cowen's "Rose Maiden" will be given by the choir of St. Michael and All Angels in the Empress Theatre on Monday, February 11th. Special soloists, selected from the choir, will also entertain. The proceeds will be added to a fund established for the purpose of paying expenses of the choir to Vancouver, where they will defend their shield at the B.C. Musical Festival.

Mr. L. Holman recently sent to Mr. Reg. R. Eastlake, of Creston, B.C., some White Burley tobacco, grown in the Kelowna district and cured by Mr. Holman. He received a letter this week from Mr. Eastlake stating that he is very pleased with the tobacco and wants some more of it later on, adding: "It is the nicest flavoured natural leaf tobacco I have used yet. I took particular notice of how well it was cured."

A meeting of local stock raisers was held recently in the Hewetson Block for the purpose of forming a local organization to be affiliated with the B.C. Stock Breeders' Association. A committee was appointed to perfect organization details. This committee will submit a report at the next meeting, to be held in the Kelowna-Business College room on Saturday evening, at 7.30. All stock raisers interested are invited to attend.

The many friends of Mr. Harold Brown will be pleased to learn that he has joined the sales staff of the H. J. Heinz Co. Ltd., with headquarters at Vancouver. Mr. Brown, who left Kelowna about two weeks ago, was a baseball enthusiast, Captain of the Senior B. Basketball team, a member of the Kelowna Volunteer Fire Brigade, and a valued member of the staff of the McKenzie Co. Ltd. His Kelowna friends wish him success in his new work.

Although during the past week the thermometer has been registering low temperatures and the weather has been comparatively cold, in view of the mild winter experienced up until that time, it would seem that spring is not far distant if one may judge from traditional indications. Mrs. W. H. Ribelin reports that on Friday last she saw a robin on her premises; and that on Sunday the optimistic harbinger of spring again appeared. Whether or not the red-breast has made a premature visit to the Okanagan remains to be seen. Possibly the robin was in search of Amos, the famous butterfly.

## THE CORPORATION OF THE CITY OF KELOWNA

Tenders For Fire Brigade Insurance

Tenders will be received by the undersigned up to noon on Monday, 4th February, for insuring members of the Kelowna Volunteer Fire Brigade. The lowest or any tender not necessarily accepted.

For further particulars apply to Mr. A. D. Weddell, Secretary, Kelowna Volunteer Fire Brigade. G. H. DUNN, City Clerk. Kelowna, B. C., January 23rd, 1929. 24-2c

Shortly after 7 o'clock last night the Fire Brigade were summoned to a St. Paul Street residence following an outbreak of fire in the chimney. No damage was done, the flame being quickly extinguished.

## OBITUARIES

Mr. Ernest William Wilkinson

Although not unexpected, the sudden announcement of the death of Mr. Ernest William Wilkinson in England on Thursday last, January 17th, which appeared in the Courier of that date, came as a shock to his host of friends in the Kelowna district, who had received somewhat encouraging reports as to his condition since reaching the Old Country. He had been in ill health for a lengthy period, due to an internal ailment from which there was little hope of recovery.

Mr. Wilkinson was a patient in the Kelowna Hospital for several weeks prior to his departure on November 17th for England, the journey being undertaken in the hope that change of climate and special treatment might effect a cure. But it was not to be.

A native of England, Mr. Wilkinson came direct to Kelowna in the year 1893, when he was a lad of nineteen, and he worked for a time on the Guichan Ranch, then owned by the Earl (now Marquis) of Aberdeen. Tiring of farm life, he obtained a position in Kelowna with the late Mr. Charles Mair, celebrated Canadian poet, who operated a general store in the newly established town. Two or three years later he joined the store staff of Lequime Bros. & Co., the pioneer merchants of the Mission Valley, and he held charge for a number of years of the original store at the Lequime homestead, now the property of Mr. Chamberlain, which was then the location of the Okanagan Mission post-office. Subsequently he opened a store at Benvenuto in partnership with the late Mr. Gammie, but the venture was not successful and was abandoned.

He returned to Kelowna and became associated with Messrs. J. D. Dowd and D. Crowley in a meat business, from which he withdrew to resume a position with Lequime Bros. & Co. in their town store. While the real estate boom was still at its height, he started business on his own account as an insurance and real estate agent, for which his long residence in the district and intimate knowledge of it eminently fitted him, and he handled a large volume of sales until the slump came.

During the war Mr. Wilkinson served in the 30th B.C. Horse at Vernon Internment Camp and, although rather elderly and hardly fit for combatant work, went overseas in 1917 and saw service in France. Returning in 1919, he resumed the real estate business, associating with him Mr. J. M. Taylor as a partner. Continuing in peace time his connection with military affairs, he held a commission as lieutenant in the local company of the 172nd Regiment, Rocky Mountain Rangers.

A skilled horseman, in his younger days Mr. Wilkinson was an enthusiastic supporter of racing, polo and anything that had to do with horses. Of a genial and friendly disposition, he had many friends and few enemies, and his death is generally mourned.

Mr. Wilkinson, who was unmarried, is survived by two brothers and a sister, the latter resident at Ashford, Kent, where he passed away.

Mr. John Aitken Crawford

After less than a week's illness from septic poisoning, Mr. John Aitken Crawford passed away at his residence, Glenn Avenue, on Thursday, January 17th, aged fifty-five.

Mr. Crawford came to Canada when a boy of twelve with his parents and brothers, in 1887. The family spent two years at Fort William, Ont., and several years at New Westminster, coming to the Kelowna district in 1893 and settling upon a homestead at the point called after them and now widely known as Crawford Falls. Except for his period of military service, the whole of Crawford's life thereafter was spent in the Kelowna district, either on the farm and in the woods as rancher and sawmill operator in partnership with his brothers, or in town, where he took up residence latterly, although still taking an active part in lumber production. Enlisting early in 1916, he went overseas with a forestry unit, later absorbed into the Canadian Forestry Corps, which produced the bulk of the huge quantities of timber used by the British forces on the Western and other fronts for airplane hangars, trench reinforcement and other purposes. He served until the end of the war and after demobilization returned to his former pursuits.

Four years ago, Mr. Crawford married Mrs. Barbara Stewart, by whom, one step-daughter, Isobel, and one step-son, William, he is survived; together with three brothers, David and William, of Crawford Falls, and Alexander, of Penticton. Of a quiet and retiring disposition, he took no part in public activities, but he was sincerely esteemed by those who knew him intimately for his sterling qualities of character.

Funeral services were conducted by Rev. A. K. McMillan on Saturday afternoon in the chapel of the Kelowna Furniture Company, Lawrence Avenue, which was filled to capacity by a large number of friends, including many old-timers, and the casket was covered with beautiful floral tokens. Interment took place at the Kelowna Cemetery. The pall-bearers were Messrs. J. F. Brown, D. K. Gordon, R. F. Morrison and S. M. Simpson.

Thomas William Harding

Following a lingering illness of a year, as a result of paralysis contracted from influenza, Thomas William Harding, aged 77 years, passed away at the family residence, Cadder Avenue, on Tuesday last, and Kelowna lost an esteemed citizen.

Born at Knighton Farm, Derwenton, Dorset, England, Mr. Harding came to Canada as a young man and spent a considerable period in the east and at the Coast before coming to Kelowna about sixteen years ago, where he was to reside for the remainder of his days. Mr. Harding is survived by his wife, two sons, Thomas and Percy, of Kelowna, and one daughter, Mrs. D. McGuire, of Portland, Oregon.

The funeral was held at 2.30 o'clock this afternoon at St. Michael and All Angels' Church to the Kelowna Cemetery. The pall bearers were Messrs. G. Thorner, G. Raymer, W. Brown, T. S. Duggan and the Rev. A. J. D. Milton.

## RUTLAND

Two interesting games of basketball were played in the Hall on Saturday afternoon, when teams of boys and girls of the Rutland and Kelowna Public Schools met each other. The Rutland girls won their game by 9 points to 6, but the boys went down to defeat by 10 points to 14. The teams are to meet again in Kelowna on Saturday.

Miss Connie Stafford and Miss Barbara Harrison were honoured with a surprise party at Mr. Stafford's home on Tuesday evening prior to their going away to Vancouver on Friday to study at the Art School there. Some thirty of the younger folk formed the party and a jolly time was indulged in until the wee sma' hours.

## OKANAGAN CENTRE

The Badminton Club was host at a tournament with a team from the Kelowna Club played in the Kelowna Badminton Hall on Wednesday, the 16th. The Centre team included Mrs. G. Gibson, Mrs. J. A. Gled, Mrs. Hare, Mrs. Maile and Messrs. G. Gibson, Parker, Pixton and R. Wentworth. Mr. E. D. Hare taking the place of Mr. Parker after the second match, in which the latter became disabled. The final score was the same as that made in the first tournament with Kelowna, 17-7 in their favour.

On Saturday evening, a most enjoyable party was given by Mr. and Mrs. N. H. Caesar at the Community Hall in honour of their daughter, Miss Winna, it being her twenty-first birthday. Badminton and bridge matches had been arranged and prizes for the former were won by Mrs. Hare and Mr. G. E. Logie, while those for bridge were taken by Miss Wentworth and Mr. C. Wentworth. A delicious supper was served near midnight and afterward the evening was brought to a close with all joining in dancing "Sir Roger de Coverly."

Mrs. Seeley, of the West Side, was a guest of Mrs. Venables the greater part of last week.

Mr. and Mrs. Jas. Goldie and Mr. R. Venables were in Penticton from Wednesday until Saturday last week. The men were attending the convention of the B. C. Fruit Growers' Association.

## GIRL GUIDE NOTES

## 2nd Kelowna Troop

"Ever Ready"  
Orderly Patrol for the week ending January 29th: Shamrock Patrol.

The Company will meet at the Scout Hall on Tuesday next, at 7.15 p.m. We are hoping to have with us our District Captain, Mrs. Maude-Roxby. We all know that Mrs. Roxby is a keen signaler so let us be prepared for the Morse Code competition, which had to be postponed from last Tuesday. We will show her we are "ever ready."

We had a splendid bed-making demonstration on Tuesday. It was most interesting to have Miss Lyne explain to us the essential points of a well-made ordinary bed and a bed for the sick. After we were shown the "how of it," as many as possible were given an opportunity to make the beds under her guidance.

We want to thank Mrs. Wilmot and Messrs. Jones & Tempest for making it possible for us to have such a satisfactory class. Mrs. Wilmot kindly lent us the necessary linen and Jones & Tempest provided us with two beds. Looking ahead to February 12th, we are going to have Miss Lyne with us again, when she will show us how to make a bed with a sick person in it, and how to bathe the patient in bed. It is very gratifying to see how heartily the Company is entering into the spirit of our inter-patrol competition. It was thoughtful of some of those who could not come to let their Captain know before hand. The points for attendance, neatness, conduct and church attendance stand, according to Patrols, as follows: Poppy, 80; Daffodil, 78; Swallow, 70; Nightingale, 69; Shamrock, 64.

We regret that our Acting Lieutenant, Mr. Burch, is not able to be with us. We miss her very much and hope she will soon be out again.

## WOLF CUB NOTES

## 1st Kelowna Pack

"Do Your Best"  
The Pack will parade at the Scout Hall on Wednesday, January 30th, at 7 p.m. Uniforms to be worn on parade. We regret that we could not hold our meeting last week, owing to the Hall being used for the basketball game.

Sixer competition will start on January 30th.

Next Sixer Council, February 7th. All Sixers MUST be present.

R. C. GARDNER, Cubmaster.

She told her dad she wouldn't need any clothes next spring, and he said, "Heaven save us! I was afraid it would come to that!"

## House Dresses on Display

Here are in stock an assortment of House Dresses and Smocks that one continually wants these days. Materials that are of good quality and guaranteed to wash well.

Fancy pattern print Porch Dresses trimmed with plain materials and pleated skirts ..... \$2.25

An assortment of dark print Dresses in sizes to 42; price ..... \$2.50

Poker Dots in a mercerized Foulard; sizes up to 44; price ..... \$2.95

Many other styles in stock.

## Corsets and Girdles

## In New Models

The new lines of fashion have also had their effect in the designing of new girdles for the coming season. We are now showing a large display of new models for slender, medium and stout figures.

Heavy satin, lace trimmed, Girdles; new style ..... \$2.95

Corsetette with inner belt, specially suited for the free figure ..... \$2.25

Marmola Belt Models with Durabone boning; strong yet supple; prices from ..... \$2.75

German Hunt Ltd.

Phone 351

## INDIAN GOES INTO DISTILLERY BUSINESS

Enterprising Siwash Makes Potent Liquor On Large Scale

Arraigned before Magistrate Weddell in the Police Court on Wednesday morning, Tomat, son of the Indian Chief of the Westbank-Reserve, was fined \$100.00 and costs, with option of six months imprisonment, for operating a still. Arrangements were made for payment of the fine and the prisoner was released. Mr. F. J. C. Ball, Indian Agent, Vernon, was present at the trial.

The arrest was made by Sergeant Burch and Corporal J. R. O'Reilly, of the Royal Canadian Mounted Police, Penticton, who discovered the still in a cellar or root house on the reserve. The door was padlocked, and when entrance to the cellar was effected a still and fifty-two gallons of liquor were discovered. The liquor was of double strength and exceptionally potent. Tomat pleaded guilty to the charge, saying that the still had been in operation since last winter. He said that it had been broken into several times by Indians, otherwise it had not been disturbed.

The still will be destroyed at once.

## GLENMORE

The Hospital Bridge on Wednesday last was quite a success. The ladies who entertained were Mrs. R. W. Andrews and Mrs. A. Loudoun, in the North end; Mrs. R. W. Corner and Mrs. Snowsell, central; and Mrs. C. Henderson and Mrs. P. Rankin, in the South.

The annual meeting of the Glenmore Community Church was held on Friday evening, January 18th, in the school. There was an enthusiastic attendance. The Secretary-Treasurer, Mr. S. Pearson, reported in his financial statement that \$51.50 of 1927 accounts had been cleared up. Expenses for 1928 had been met, except \$60 for Maintenance and Extension Fund, which the church is expected to raise. A special collection is asked for on Sunday, January 27th, towards making up the \$50.95 needed to make up the \$60 required. Officers, teachers and scholars on the S.S. roll number 24.

The Ladies' Guild have done much good work during the year, and have a balance in hand of \$40.91. Officers were appointed for the year as follows: Church Board: President, C. Henderson, V. Martin and S. Pearson; Secretary-Treasurer, Mr. S. Pearson; Auditor, Mr. R. W. Corner; organist, Mr. R. E. Seeley; S. S. Superintendent, Mr. J. Anderson, sr., with Mr. J. Anderson, jr., S. S. Secretary.

Chilliwick, Aldergrove and Agassiz exchanges on the B.C. Telephone Company's system are to be changed over to the automatic type, according to news from Victoria, where the company plans to spend over \$1,000,000 in improvements during 1929 and 1930. The valley conversions will take

**Sun Life Policyholders To Receive Special Bonus**

In addition to regular dividends in 1929 of approximately \$17,500,000

Office of the President,  
MONTREAL, January 8, 1929

To Our Policyholders:

We have just completed another wonderful year, with profit earnings never before equalled. Our Directors have therefore inaugurated the principle of allowing a Special Bonus on maturing participating policies. The basis for 1929 may be summarized as follows:

On policies ten years in force, maturing by death or (on 'reserve dividend' policies) by the expiry of the reserve dividend period, a bonus of 10 per cent of the reserve, increasing yearly to 15 per cent on policies in force twenty years or longer; on endowments, at maturity, a bonus of 10 per cent of the face value of policies ten years in force, increasing yearly to 15 per cent on policies in force twenty years or longer.

Details will be given in the forthcoming annual report.

This special bonus is in addition to, and independent of, the usual annual profit distribution, the scale for which, for the ninth consecutive year, will again be increased.

We congratulate our members on this happy announcement. It has been made possible only by the large profits earned on the securities selected for the investment of the Company's funds.

As ninety-five per cent of all surplus earned by the participating assurances accrues to our policyholders themselves, they enjoy practical mutuality, combined with the enterprise and stability of stock management. The effect of this combination is evidenced by the results.

T. B. Macaulay,  
President.**SUN LIFE ASSURANCE COMPANY OF CANADA**

Head Office - Montreal

**Western Hemlock In Canada**

The Western Hemlock (*Tsuga heterophylla*) is one of the most important trees in British Columbia in regard to both available supply and production. In a survey of the forest resources of the province, the quantity of standing timber of this species was estimated to be 64,000,000,000 feet in board measure; of this some 52,000,000,000 feet is located in the Coast region. The original virgin supply is almost intact, only a small part having been cut. The cut of Western Hemlock lumber for some years has averaged about 42,000,000 feet annually, forming about 16 per cent of the total hemlock lumber cut in Canada.

The Revelstoke Ski Tournament this year will be held on February 12th to 15th, inclusive. This event annually attracts the cream of the world's ski experts, particularly from Norway and Sweden, the true home of the sport. A "mystery quartette" newly arrived from Sweden, passed through Revelstoke a few days ago. Speaking broken English, all that could be learned from

them was that their expenses were being paid. They were journeying to Vancouver, intending to return to the event on February 15th. All world's records have been broken on the famous hill at Revelstoke.

The annual meeting of the Farmers' Institute, Grand Forks district, was held recently at Grand Forks. In a short address, the President touched upon the advisability of holding a Fall tobacco growing, and curing experiment under the Tobacco Branch of the Department of Agriculture, and referred to the annual field day. The Secretary's report showed that the membership last year was forty-seven, and the Treasurer's report showed a favourable bank balance.

The Princeton-Meritt highway will be kept open for motor traffic all winter, if it is possible. The government snow plough started work on road clearing from the Meritt end recently, and a snow plough is also at work on the Princeton end. Close watch will be kept on the One Mile section of the road.

**NOTES AND NEWS FROM LONDON TOWN**

A Monthly Causerie

London, December 31, 1928.

The King

The world-wide solicitude with which the course of the King's illness has been followed is perhaps without precedent in the history of any monarch and is as much a testimony of his estimable character as a man as it is of his eminence as a constitutional Sovereign. The daily bulletins which have kept us informed of the changing fortunes in his condition have not, however, reflected the full story of the struggle. The King has been described as a good patient, but this is scarcely an accurate description of one who insisted on carrying on many of his public duties as he could and for as long as he could. In the early stages he made light of his illness, and insisted on reading the bulletins recording his progress. This made the framing of them a matter of considerable diplomacy, and, in effect, they did actually reflect something less than the real state of affairs. The appointment of a Commission sounded the first significant note of public alarm; and thenceforward nothing was so remarkable as the general conviction, even in the face of encouraging bulletins, that calamity was impending. The subsequent operation, and the pronounced improvement in the King's condition which rapidly followed, definitely marks the moment when renewal of hope swept over London like a wave, and ushered in the Christmas season in an atmosphere of confidence and thankfulness. It is to nursing and unerring care in the general management of the case that the King's improvement must be attributed. On the shoulders of Sir Stanley Hewett has lain the main burden of responsibility; and it is perhaps worthy of remark that the four nurses, Gordon, Black, Davies and Purdie, drawn from three London hospitals, were deliberately selected, apart from their qualifications, as representatives of the four sections of the United Kingdom and are respectively: Scottish, English, Welsh and Irish.

**The Enthronement Of The Primate**

No happening in the national life, short of a coronation, could exceed the magnificence, the pageantry, and the impressive splendour which marked the enthronement of Dr. Cosmo Gordon Lang, lately Archbishop of York, as Archbishop of Canterbury on December 4. The setting—a Cathedral already old in the day of Chaucer; the ceremony—a gathering drawn from every branch of the national life, all parts of the King's Dominions, all countries united to the Church of England in Christian fellowship; the service—a ceremonial in which each stage of induction, installation and enthronement, from the sounding of the trumpet on his long silver trumpet to the final long procession which grouped itself, mass of whites, blacks, scarlet and gold, round the marble chair of St. Augustine, was marked by moments of solemnity and beauty. The final touch was lent to it all by the moving simplicity of the Archbishop's closing words: "The tense concern with which the whole nation and Empire waits for the tidings of his illness reveals to us, and will, I hope, ere long reveal to the King himself, the place which his devotion to duty, selflessness, his simple goodness and kindness of heart have won for him in the life of his people."

**London's "Earthquake"**

Five days before Christmas a series of subterranean gas explosions, followed by fires, spread havoc over a wide area in west-central London, in the region between Kingsway and Shaftesbury Avenue. Roadways were ripped open, a taxicab was blown over, lamp-posts were uprooted and broken, a horse was killed, kerbstones were hurled out of position and piled upon one another, windows were blown in, ceilings shattered, roofs smashed and a five-story building completely destroyed. Nothing comparable with the spectacle produced by the disaster has been seen in London since the last bombs rained on it from the air during the War. And the most striking fact of the whole astonishing affair is that the casualty list has been almost negligible, and the death toll nil. To appreciate this miraculous aspect of the occurrence, one must imagine half a mile of shop lined streets, with the surface of the roadway lying in a series of waves and holes and enormous fissures as though convulsed by an earthquake. Throughout the entire locality for forty-eight hours heavy gas fumes pervaded the air, and large "No Smoking" notices were set up hundreds of yards away from the affected area.

The damage is estimated to be in the neighbourhood of \$2,000,000, and the extraordinary feature of the whole business is the utter inability at the moment to assign a cause and fix the responsibility. The original explosion occurred in a Post Office tunnel, but how remains a mystery. Meanwhile, with gas, power and water cut off, and an ever-present sense of more fatalities to follow, the plight of the inhabitants throughout the densely populated area has caused a general exodus, and much individual hardship. It is characteristic of the average Londoner's love of a spectacle that, despite warnings and strong police cordons, crowds numbering many thousands quickly appeared on the scene as the news of the fatality became known, and pressed against the barriers that separated them from the torn streets, gazing their fill though minor explosions were sounding and the gas laden atmosphere was so heavy that the men working on the mains were being fed with oxygen.

**Dutch Warships In The Thames**

One must go back to the days of Charles the Second, Rupert and Van Tromp when Dutch warships were last seen in the Thames. Two, after an interval of two hundred and fifty years, have visited us again. They were the torpedo-boats Z5 and Z6, which a few weeks ago escorted the Batavier across the North Sea with her \$5,000,000 cargo

**KING ABDICATES**

The ambition of King Amanullah to make his country of Afghanistan on a par with the modern industrial and cultural development of Western countries has cost him his throne. The modern king has abdicated in favour of his brother.

of Rembrandts for the Exhibition of Dutch Art, which opens at the Royal Academy, Burlington House, in the New Year. By permission of the Admiralty, the boats were permitted to steam up the Pool and land their crews. Meanwhile detectives and mounted police were escorting the Batavier's consignment, specially packed in lorries with armed guards, through the London streets by a secret route. These national exhibitions are now becoming an annual feature, the phenomenal success attending the previous exhibitions of Spanish and Flemish Art leading the way to that promises to develop into a yearly international exchange of art treasures for exhibition purposes.

**In The Sale Room**

Speaking of art, nothing is more confounding to the expert than the high prices and big totals for sales of pictures by auction which continue to be recorded. At Christie's last sale this season 149 lots produced \$750,000. Perhaps the most amazing illustration of a profitable investment was furnished by a Titian portrait which, originally bought at Christie's for \$200 in 1847, has now changed hands under the same hammer for \$36,000. A Reynolds which in 1904 had a modest value of \$250 set upon it realised \$61,000. Four Canaletto views of Venice, originally painted by the artist for \$75 apiece, two hundred years ago, fetched \$135,500—enough to make the poor man turn in his grave. A record of the annals of Dickens in the auction room was set up at Sotheby's a few weeks ago. Sotheby's is to the book-buyer what Christie's is to the art-buyer, and the sale in question contained a large number of Dickens items. The outstanding lot consisted of five pages quarto, 132 lines, of the original manuscript of "The Pickwick Papers," Chapter 38, dealing with the midnight meeting of Arabella Allen with Mr. Pickwick and Mr. Winkle in the garden. Bidding started at \$5,000 and it was finally knocked down to the Rosenbach Company of New York at \$37,500. Assuming ten words to the line, this works out at something like \$30 a word, surely a record for any author, dead or alive.

**The Keeping Quality Of Apples**

A considerable amount of research is being carried on at the present time in England in the direction of establishing the factors that go to the making of quality in apples. The amount of acid and sugar present in apples is known, but a consideration of these percentages fails to reveal why one variety is a better eating apple than another. Variation undoubtedly exists, but what it is inside the apple which causes this variation is unknown. For the moment the problem is of so abstract a nature

**ANOTHER PICTURE BASED ON AVIATION****"Lilac Time," Like "Wings," Has Background Of Aerial Warfare**

Acclaimed everywhere as one of the greatest film epics ever produced, "Lilac Time," a First National special production, starring Colleen Moore and Gary Cooper, has been booked for a feature run at the Empress Theatre in the near future. Like "Wings," the picture is a story based on aviation, and the film will be accompanied by a special orchestra giving synchronized sound effects with each showing of the picture.

"Lilac Time," with its tumultuous background of war in the clouds, is also a charming love story—one in which Miss Moore and Gary Cooper surpass all former screen performances. Gary Cooper will be remembered for his splendid characterization of the reckless young ace in "The Legion of the Condemned," and Colleen Moore needs no introduction to lovers of pantomime in Kelowna.

The picture is a succession of thrills from start to finish. Those who saw and liked "Wings" should not miss its worthy successor, "Lilac Time." Dates on which this picture is to appear will be announced in an early issue of the Courier.

that it may be said to lie outside the regular lines of research and attention has been concentrated on another aspect. The Report of the Food Investigation Board for the year 1927 contains an account by Dr. Kidd and Dr. West of "The Influence of Soil upon the Keeping Quality of Apples." Bramley Seedling apples kept in cold stores at 34 deg. F. varied in quality for keeping with the soil in which they were grown, so that the quality improved with increasing heaviness of soil. The apples from very light soil had a mean storage life of 19 weeks; those from light soils, a life of 23 weeks; those from the medium heavy, 25 weeks, while the apples from the heavy stored 41 weeks. It will be seen that the apples from the heavy soils kept twice as long at 34 deg. F. as those off the light soils. Curious to relate, the variation does not appear to be due to any chemical differences, for the report says that from a study of the chemical analyses of these four types of soil there appears to be no chemical factor which would account for the marked differences in length of storage life exhibited by the fruit.

Investigating the matter further, the experimenters used Bramley Seedlings from nine plantations in the South-West Midlands, where the soil (Old Red Sandstone) showed textures that were broadly the same. The quality of these apples varied for keeping from bad to good. In these cases the chemical analyses of the soils indicate that in general a correlation exists between the keeping quality of the fruit and the "available" potash and the "available" phosphoric acid in the soil. Again curious to relate, the chemical data of the analyses of the individual apples do not indicate any marked relation between the chemical composition of the apples as far as ascertained and their keeping quality in cold storage. The solution of this problem is not at hand, but the results of the experiments are most interesting, particularly so when there is a suspicion that keeping quality and eating quality may be related in some way.

**B. C. House Items**

The Agent General's public functions during the month include a lantern lecture on the province before the Royal Empire Society at Bristol, his appearance at the Pilgrims' dinner in celebration of the signing of the Peace Pact, be luncheon given by the Canadian Chamber of Commerce to Viscount Peel, and the luncheon of the Royal Empire Society, where Mr. J. Forsyth Smith, the Canadian Government Fruit Trade Commissioner, spoke on the Canadian fruit industry in general and B.C. apples in particular. British Columbia was exceptionally well represented at the Canadian Chamber of Commerce function, Mr. W. A. McAdam, Secretary to the Office presiding at the B.C. table with Messrs. S. K. Murray, G. H. Dawson, A. S. Burdick, H. V. Warren and R. F. Cruise around him.

Recent registrations at B.C. House include Dr. Gerald Williams, of Vernon. Mr. G. A. Barrat, of Vernon, sailed for home on the Adriatic from Southampton on Dec. 28th.

**VANCOUVER, B.C.**

### FOR RADIO AMATEURS

N.B.C. Programme For The Week Of  
January 27 to February 2

(N.B.—In addition to the program-  
mes of the National Broadcasting Com-  
pany, a few KGO items are given,  
which are denoted by the initials of the  
latter station. The N.B.C. broadcasts  
are made through six stations on the  
Pacific Coast, as well as in the East-  
ern and Central States, but not all  
the stations broadcast the same matter  
simultaneously, as some occasionally  
substitute a programme of their own.  
When reception is poor from the first  
station tuned in, try the others, but do  
not be disappointed if you fail to re-  
ceive the N.B.C. programme from some  
of them. The six stations are as fol-  
lows: KOMO, Seattle; KGH, Spo-  
kane; KGW, Portland; KGO, Oakland;  
KFI, San Francisco; KPL, Los Ange-  
les.)

Sunday, January 27

1.30 to 2 p.m.—Peerless Reproduc-  
ers.  
Orchestra, Waltz, "Sleeping Beauty"  
(Tchaikovsky), Serenade (Rachman-  
inoff); Baritone Solo, "Uncle Rome"

ata (MacMurray), (b) "La Golondrina"

### DEPARTMENT OF LANDS NOTICE

Application for Grazing Permits for  
the Season of 1929

Applications for permits to graze  
livestock on the Crown range within  
any grazing district of the Province  
of British Columbia must be filed with  
the District Forester at Fort George,  
Kamloops, Nelson, Prince Rupert,  
Vancouver, or Williams Lake, on or  
before March 31st, 1929.  
Blank forms upon which to submit  
applications may be obtained from the  
District Foresters at the above named  
places, or from the Department of  
Lands at Victoria, B.C.

G. R. NADEN,  
Deputy Minister of Lands,  
Department of Lands,  
Victoria, B.C.,  
January 7, 1929.

Jasper National Park

The total area of Jasper National  
Park, situated in the northern portion  
of Alberta, is 5,380 square miles. A  
great deal of this huge mountain wilder-  
ness is still unexplored.

FAMOUS GENERAL FIGHTS FOR LIFE  
Marshal Ferdinand Foch, Generalissimo of the Allied Forces during the Great War, suffered a heart attack which has left him so weak that his physicians despair of saving his life. The probability of another heart attack is regarded with the gravest forebodings. The above picture shows the famous war hero talking to King George, while on the right is a good portrait of the Marshal. Marshal Foch's illness developed from a chill contracted on Armistice Day.

### WINFIELD

The annual meeting of the Women's  
Auxiliary was held at the home of Mrs.  
W. Reed on January 4th, with sixteen  
members present. The new officers for  
ensuing year are: President, Mrs. W.  
Reed; Vice-President, Mrs. J. Seaton;  
Second Vice-President, Mrs. Donald;  
Secretary-Treasurer, Miss S. Holtom;  
Assistant Secretary, Miss M. Draper.  
The next meeting will be held on Jan-  
uary 31st, at the home of Mrs. Coates.

The annual meeting of the Ladies  
Aid was held at the home of Mrs. Berry  
on January 17th. The officers for 1929  
were elected as follows: President,  
Mrs. J. Edmunds; Vice-President, Mrs.  
Todd; Secretary-Treasurer, Mrs.  
Shanks.

At the badminton tournament be-  
tween Seniors and Juniors, held at the  
hall on Tuesday night, January 15th,  
Seniors were defeated 14-6. However,  
on Friday night, on their own court,  
they redeemed themselves by defeating  
the Juniors 11-5.

Messrs. Ore, Reed, Lawley, Coe and  
Aberdeen attended the annual meeting  
of the B.C.F.A., at Penticton last  
week.

## Badminton Supplies RESTRINGING

Our restringing is done by a  
very competent workman. He  
has had much experience in  
that work, having restrung  
rackets at the Coast for both  
A. G. Spalding and Lisle Fra-  
ser. Bring your loose rackets  
now to have them restrung.  
It will improve your game  
100%.

We have a fine selection  
of RACKETS, SHUT-  
TLECOCKS, Presses and  
Covers. Come and look  
them over. Our experience  
may benefit you in your  
choice.

**ANNOUNCEMENT!**

Our Store Service has been somewhat interrupted for the past few weeks on account of unexpectedly losing Mr. Harold Brown from our sales staff.

Mr. Brown has been taken on to the selling force of H. J. Heinz & Co., Ltd., which is a great compliment to his ability, as Heinz employs only highly specialized salesmen.

We have not as yet made any permanent change, but are maintaining our service and hope very soon to make such arrangement as will improve that high standard of efficiency and service which this store has always insisted on for its customers.

**PAINTS A WORLD A 100 YEARS HENCE**

A forty-eight hour day brought about by retarding the rotation of the earth is, perhaps, the most startling of the predictions made by Lord Birkenhead, distinguished British statesman, in a current magazine article. In addition he predicts another century will witness working hours reduced to two a day.

District No. 9 of the B.C.F.G.A. held a meeting at Armstrong on January 5th. Mr. Alar Hassen occupied the chair. Mr. C. Webster acted as secretary, and the meeting was the largest held in that district for some time. Discussion as to the grading of apples occupied the attention of the gathering for the most part, and a resolution re grading will be submitted at the Penticton convention, which will be attended by two delegates from the Armstrong district.

**SPORT ITEMS****BASKETBALL**

**Hornets Defeat Duncan Team**  
Kelowna Hornets won from Duncan Seniors last night (Wednesday), 35-25, in a fast game, featured by the work of Meikle, Lewis and Gayton, the half time count being 17-10 in favour of Kelowna. The locals scored 13 points in succession midway through the first half, and were never headed afterwards, although the Vancouver Island boys gave them strong opposition.

The Duncan boys are making their initial tour of Interior points, having played at Revelstoke on Monday, winning 30-20 in a last minute rally, and playing at Summerland tonight (Thursday) and in Vernon on Friday. Proposed games with Kamloops and Penticton have been abandoned.

Joe Ross, who was a prominent figure in the diving events held in connection with the annual Kelowna Regatta last August and is holder of the Nichol Cup for high aggregate points in diving events, was in town Tuesday and Wednesday, as a member of the Duncan, Vancouver Island, basketball team.

**CARD LEAGUE**

P. W. L. D. Pts.  
Sons of England .... 8 5 1 2 12  
Canadian Legion .... 4 1 2 1 3  
I.O.O.F. .... 4 0 3 1 1

**S.O.E. Add Large Points**  
Almost making a clean sweep of the four games, Sons of England added seven points to their standing by winning from the Oddfellows, present champions on Thursday night, the Englishmen winning cribbage, five hundred and whist, and making a tie in the bridge by winning the final table.

Tonight (Thursday) the Sons of England meet Canadian Legion at the Veterans' clubrooms, and players are requested to be on hand at 8 p.m. promptly, in order that an early start may be made. All games are being played in the Canadian Legion premises, through the kind offer of the veterans, in placing their commodious rooms at the disposal of the Card League committee free of charge.

Sons of England have secured an early lead, but tonight's result will have a great bearing on the final standing, as a win for the Legion, who still have a postponed fixture with Oddfellows unplayed, will bring them closer to the leaders, while another victory for the S.O.E. will place them well out in front. Neither the Veterans nor Oddfellows were well represented at their opening games, and with full teams out may be able to halt the winning streak of the present league leaders.

(Later)

**No League Fixture Tonight**  
There will be no Card League fixture tonight (Thursday), as, owing to counter attractions which a number of the players are supporting in the meeting between the Sons of England and Canadian Legion has been postponed until later in the season. Next Thursday, Oddfellows are billed to play Canadian Legion at the club rooms of the Veterans.

**BADMINTON**

**Location Of Interior Tournament Not Yet Decided**

Owing to an error on the part of the writer, a statement appeared, in these columns of last week stating that the Interior Tournament would be held in Kelowna, although the date had not been set. This should have read that the point at which the Interior Tournament would be held had not been allotted, although it is probable that Vernon will be chosen as the scene of the championships. Mr. H. G. M. Gardner, President of the Kelowna Club, is in receipt of word from the B. C. Association that approval has been given to the change of title to Central British Columbia Championships, the dates being set for Tuesday, Wednesday and Thursday, February 26, 27 and 28.

The Kelowna Club is playing a series of matches at the Mission which commenced yesterday, and will be completed tonight, while it is expected, although not definitely arranged, that Vernon will be down on Saturday, February 2nd, for an inter-club fixture.

Progress is being made with the club championships, of which there will be detailed results in these columns of next week.

### MINIATURE RIFLE SHOOTING

#### Inter-City Competitions By Mail May Be Held

To provide winter recreation for their members, the Glenmore Gun Club of Kelowna have instituted a series of shoots between local teams equipped with 22 calibre rifles, which it is anticipated will lead to competitions with picked teams from Vernon and Penticton in the near future.

Through the courtesy of the B. C. Orchards Ltd., their town warehouse has been made available for the miniature rifle range, and the first of a proposed series of shoots was staged this week between teams captained by Ben Hoy, J. Conway, J. B. Spurrier and Geo. Kennedy.

It is proposed to select a team from Kelowna and to shoot a target at the local range, the target being properly certified by the secretary and forwarded to the centre where a similar shoot is being staged. An exchange of targets by mail will reveal the winners, and in this manner it is possible to have inter-city competitions without the necessity of travelling. The next local team shoot will be held on Monday night, January 28th, at the B. C. Orchards town packing house, and anyone interested is invited to turn out prior to the team shoot being staged, which will be around 8 p.m. The Gun Club are anxious to select the strongest possible team to represent Kelowna in inter-city shoots, and hope to have a strong team when the first competition is arranged.

For next Monday night, the captains of the teams taking part are W. Harvey, H. Miller, W. Sargent and C. Hawes. This week's shoot brought out

### HIGH SCHOOL DEFEATS SUMMERLAND AT HOCKEY

**Local Team Takes Southerners Into Camp By 9-4 Score**

Kelowna High School started their hockey season last Saturday with a win over Summerland by a score of 9-4. Summerland had the edge in the opening period and established a 3-2 lead. The score was tied shortly after play started in the second spasm and Kelowna took command of the game. All the local lads played a good game but the star of the game was Harold Johnson, who broke through the Summerland defence on numerous occasions and bagged five goals on individual effort.

KELOWNA: J. Treadgold, H. Johnson, N. Wright, H. Weatherill, G. Brisco, J. Beumore, J. Stuart.

**OKANAGAN MISSION**

There will be Sunday School next Sunday at 10 a.m., and Mrs. Murdoch will take the class for Confirmation candidates.

All residents at the Mission who are acquainted with the family would like to express their regret at the sudden death of Mr. J. Crawford. The news came as a great shock to his friends, many of whom were quite unaware that he was seriously ill.

The meetings for Girl Guides will begin next Monday and will be held as usual after school in the afternoon.

So far—in a good hour he it spoken—the mumps etc., seem to have given us a miss. Seeing how much this means to our schools as regards regularity of school attendance and consequent steady progress, let us all do our utmost by care and common sense to preserve this happy state of affairs.

Some of us went with the Secretary of the Board of School Trustees to the annual meeting of the Kelowna District Schools Health Association in Kelowna last week. The society is still in its infancy here but has done wonderful work in the short time it has been in existence, thanks principally to Dr. Ootmar, Nurse Grindon and Mr. E. O. MacGinnis. The business of the meeting was to appoint a temporary executive and to discuss the formation of a dental clinic in connection with the schools. The visitors from the Mission could not but feel that we are at a disadvantage compared to Kelowna and the other districts in getting in touch with such movements, which are of especial interest to parents, having no organized women's body such as the Women's Institute which can act with authority.

The Mission was well represented at the Church Supper at the I.O.O.F. Temple and it was gratifying to see that we had done our share in helping forward the funds for the parish. The supper was excellent and the whole meeting, which showed an increase in numbers over last year, seemed to be in a very cheerful and hopeful frame of mind.

**HOCKEY**

**Lumby Too Strong For Weakened Kelowna Team**

As a sequel to a 3-3 draw played at Lumby two weeks ago, the local squad of pucksters again met Lumby on Wednesday night of last week on Vernon ice. Several of the local team were on the sick list and unable to make the trip, and as a result the weakened line up the "Flying Frenchmen" walked away with the game, not, however, without a battle. Some flashes of brilliant hockey featured the fray, and both netminders turned in stellar performances between the pipes, particularly Rotin, who was called upon to handle at least double the shots that Renault had fired at him.

In the first period, F. Bissette scored a solo. Norris tallied on a pass from Dillaboy, and Dillaboy went in alone for the third Lumby counter. For the locals, Johnston picked off the first marker on a solo job, followed by Crowley, who broke through and bulged the hemp a few seconds before time Kelowna, 2; Lumby, 3.

In the second chapter, Lumby added four goals to their lead, A. Bissette accounting for two and P. Quesnel and Copeland one apiece, while the locals found the pace too fast with Lumby working two full forward lines on and off, the locals having no subs to follow suit. Lumby, 7; Kelowna, 2.

The final act produced the best hockey of the game and hard luck alone prevented Kelowna securing better results from a barrage of shooting. As it happened, they added two to the column, Johnston going down and through by himself for both of them. Lumby also added two goals in this session, A. Bissette scoring another and Norris taking a pass from Quesnel for the second. Final score: Lumby, 9; Kelowna, 4.

Referee Sinclair, official arbiter of the North Okanagan League, handled the game to the entire satisfaction of the teams and the fans. The teams:

KELOWNA: goal, Roth; defence, J. Langstaffe, Gordon; forwards, Crowley, Johnston, Fowler, McDonald.

LUMBY: goal, Renault; defence, Genier, Copeland; forwards, P. Quesnel, A. Bissette, Norris, Dillaboy, F. Bissette, Martin.

Stockings were invented in the eleventh century, but weren't discovered until the twentieth.

### VEGETABLE GROWERS DISCUSS REPRESENTATION

**Meeting Decides In Favour Of Change In Present Methods**

A meeting of the vegetable growing members of the Kelowna Growers' Exchange was held in the I.O.O.F. Temple on Tuesday morning. A representative of The Courier was in attendance, but was advised that an official report of the proceedings would be forwarded for publication, and it is subjoined herewith.

A meeting of the vegetable growers of the Kelowna Growers' Exchange was held at the I.O.O.F. Hall, on Tuesday, at 10 a.m., with Mr. A. C. Loosmore, Vice-President of the Kelowna Growers' Exchange, in the chair. There were also in attendance Messrs. E. J. Chambers, G. A. Barrat and F. A. Lewis, of the Associated Growers.

The meeting was called to discuss the representation on Local and Central Boards, and to open the discussion a resolution was moved by Mr. A. L. Baldock as follows:

"Whereas under the present system the Vegetable Representative at the Associated Growers is not directly responsible to those who pay salary and expenses, and

"Whereas this condition is unsound business,

"Resolved, that we, the vegetable growers of the Kelowna Growers' Exchange in special meeting assembled, ask that the present system of appointment of Vegetable Representative by the Vegetable Board be discontinued."

After a good deal of discussion, the mover agreed to withdraw his resolution in favour of the following, which was carried unanimously:—Moved by Mr. H. B. D. Lysons, seconded by Mr. G. D. Cameron:

"That at this meeting, and also annually at a similar meeting, we elect two delegates to the Central Vegetable Board, also at the same meetings nominate a Vegetable Representative for the Board of the Kelowna Growers' Exchange."

In accordance with the above resolution, the meeting then elected two delegates, Messrs. J. Spall and A. L. Baldock, as delegates to the Central Vegetable Board, and Mr. Spall was also nominated as a representative of the vegetable growers on the Board of the Kelowna Growers' Exchange.

During a short meeting held in the afternoon, the following resolutions were passed with very little discussion:

Moved by Mr. H. B. D. Lysons, seconded by Mr. J. Spall: "That this meeting endorse Mr. Black's suggestion made at the Convention at Penticton, that two growers be added to the Federated Shippers and Growers, one of whom should be a vegetable grower."

Moved by Mr. H. B. D. Lysons, seconded by Mr. A. L. Baldock: "That this meeting of vegetable growers of the Kelowna Growers' Exchange endorse the resolution passed yesterday at the meeting of the Kelowna Growers' Exchange, favouring a continuance of the present marketing contract with the Associated Growers of B. C., Ltd."

### SPECIFIC DUTY PROPOSED ON ONIONS

**Need Is Shown Of More Adequate Protection Than Ad Valorem Rate**

(By F. A. Lewis, Vegetable Representative, Associated Growers of B. C. Ltd.)

The increase in the specific duty from 1c to 1½c per pound on onions entering the United States affects adversely Canadian producers to a far greater extent than would appear on the surface. It would also provide the B.C. producer with considerable food for thought as to the necessity of concerted effort on his part to secure similar adequate protection from his government.

The Okanagan Onion Growers' Co-operative Association have, for the past three years, been unremitting in their efforts to bring to the Authorities at Ottawa the necessity of fostering the commercial production of onions. They have supplied the Departments of Customs, Trade and Commerce, Finance, and Agriculture with data as to importations from Japan, Australia, New Zealand, and our nearer neighbour, the United States, pointing out the inadequacy of a 30 p.c. ad valorem duty, especially when same is assessed on the F.O.B. shipping point invoice value.

Particular instances have been quoted the Departments where early onions during 1928 were quoted at shipping point value of as low as \$7.00 per ton. This actually occurred at Walla Walla, Washington, last year, and \$10.00 quotations were common. Onions could be laid down in Calgary and Vancouver, duty and freight paid, at a price less than the \$30.00 per ton F.O.B. shipping point price established in B.C., a quotation which anyone connected with the producing of Bermudas knows is less than production cost.

What will happen to shipments from Japan, Australia, Spain, Holland, Egypt or any other onion producing country that would normally have gone to the United States? Will they not now be diverted to Vancouver instead of Seattle, or San Francisco, Halifax, Saint John or Montreal instead of New York and other United States Atlantic ports, when faced with a specific duty of \$30.00 per ton as against our totally inadequate ad valorem duty of 30 per cent of the F.O.B. shipping point value.

### BRITISH AVIATORS BOMB OWN TROOPS

LONDON, Jan. 24.—The Express today prints a despatch from Lahore, India, saying that three Indian officers and eight troopers of an Indian cavalry regiment were killed and many others wounded near Jamrud, at the entrance to the Khyber Pass, by bombs dropped by British Air Force planes. The aviators evidently mistook the white uniforms of the troopers for a bombing practice target. Sixteen horses were killed.

A little Chicago youngster was eating his supper of milk toast recently, when his mother swung into the nursery in a new evening gown—one of those 1929 evening gowns—a revelation, so to speak.

"Where are you going, mummy?" the youngster asked.  
"To the opera, dear," said she.  
"But, Mummy," he said, "somebody might see you."

Onions might easily have an F.O.B. shipping point value of \$10.00 per ton in Japan or Egypt and the importer in Canada would be assessed the handsome sum of 15c per sack by the Canadian Government.

Under the old specific duty imposed by the United States of \$20.00 per ton, onions had to be a shipping point value of almost \$75.00 per ton before Canadian ad valorem duty of 30 per cent was competitive. This, of course, if the establishing of fair market values and dump duty was not effective.

As to the latter, it is quite evident that those engaged in the commercial production of onions in the United States are receiving attention and protection against foreign importations even at a time when onions are netting the producer anywhere from \$70.00 per ton and upwards, with higher values in the immediate offing. Surely then our Government will take cognizance of this fact and establish a specific duty equal to that of our Southern neighbour as soon as the business of the next sitting of the House will allow. In the interim every effort should be made to establish the fact, so often reiterated at recent conferences, that the present Act is intra vires so far as the establishing of fair market values plus an emergency or dump duty. The latter course is essential until the present ad valorem duty is made specific and equal to that imposed by the United States. All onions entering Canada carry an ad valorem tariff assessed on the shipping point value (not port of entry value) except those coming from Australia and New Zealand. These latter enter duty free under the Australian Trade Pact, while Canadian onions entering Australia are assessed a specific duty of \$6 per ton of 2240 lbs. New Zealand assesses Canadian onions £1 per long ton, also a specific duty. The Australia duty is practically identical with the new United States duty and practically prohibits exports of onions to the Commonwealth from Canada, although in recent years Australian onions have come into Canada in one season duty free, to the extent of some 1,750 tons.

# EASTER

Comes Early!

## 20th Century Clothes

couldn't be made  
better at any price

### BE MEASURED NOW

All the quality of material, cut, make and trim which goes into the highest grade custom tailored clothes is found in 20th Century.

Add to this the long practical experience of designers who are recognized leaders and who are in constant touch with the world's style centres and you have that "something" which no custom tailor can give.

For the man who  
can't be satisfied  
with anything  
but the best.
